**Obama keeps  
reminding us that Osama bin  
Laden is dead**

**May I remind him.....so are  
Agent Brian Terry and  
Ambassador Chris Stevens**

I'll give him credit for Osama bin Laden **IF** he'll take responsibility of the others, along with our stranded military in Afghanistan who have been left there at the mercy of the soldiers they have been training and are NOW reported to be shooting our American military.

## A Letter From Israeli Warrior

### A Coil of Rage

> The character of any man is defined by how he treats his mother as the years pass.... need I say more about this person below other than there is **no character nor integrity, but there is a ton of attitude and arrogance** that defines his **shallow past and hollow future**.... I rest my case.

> I bought and read Obama's book, **Audacity of Hope**. It was difficult to read considering his attitude toward us and everything American. Let me add a phrase he used to describe his attitude toward whites. **He harbors a "COIL OF RAGE"**. His words, not mine.

**THIS IS OUR PRESIDENT -- HE'S RUNNING AGAIN, YOU KNOW!**

### Is anyone out there awake?

> Everyone of voting age should read these two books by him: **Don't buy them**, just get them from the library.

> "I ceased to advertise my mother's race at the age of 12 or 13, when I began to suspect that by doing so I was ingratiating myself to whites."

> "I found a **solace** in nursing a pervasive sense of grievance and animosity against my mother's race."

> "There was something about her that made me wary, a little too sure of herself, maybe and white."

> "It remained necessary to prove which side you were on, to show your loyalty to the black masses, to strike out and name names."

> "I never emulate white men and brown men whose fates didn't speak to my own. It was into my father's image, the black man, son of Africa, that I'd packed all the attributes I sought in myself: the attributes of Martin and Malcolm, DuBois and Mandela."

### FINALLY... and most scary: From **Audacity of Hope**:

"I will stand with the Muslims should the political winds shift in an ugly direction."

> If you have never forwarded an e-mail, now is the time to do so!!! We have someone with this mentality running our GREAT nation! Keep your eye on him and don't blink.

> I don't care whether you are a Democrat, a Republican, a Conservative or a Liberal, be aware of the attitude and character of this sitting President.

> There is a reason there remains a gag order on his college thesis. It is thought to be highly inflammatory from a race perspective! Both his and Michelle's.

**AND HE HAS THE NERVE TO CALL US RACIST? HE MAKES ME ILL!!!**

*Early this morning, two U.S. Border Patrol agents were shot, one fatally, in a remote area of southern Arizona notorious as a major drug-smuggling corridor and just eight miles from the Mexican border.*

The vicious assault on our Border Patrol agents occurred at 1:50 a.m. local time at the Brian Terry Station near Naco AZ, south of Tucson and just eight miles from the border. As the name suggests the station was named after Brian Terry, a border patrol agent who was killed in the line of duty in December 2010, **with weapons the Obama administration -- namely U.S. Attorney General Eric Holders' Justice Department -- delivered right into the hands of known violent drug cartel members.** Now, the administration's FAILURE to secure the border has resulted in the death of another border patrol agent who was just trying to do what this administration WILL NOT - SECURE THE BORDER AND PROTECT AMERICANS LIKE YOU AND !!

**[DON'T LET OBAMA'S PANDERING PUT INNOCENT AMERICANS IN DANGER -- HELP US DEFEAT OBAMA IN NOVEMBER AND SECURE THE BORDER NOW! SELECT HERE TO HELP TAKE ACTION TO SECURE OUR BORDERS!](#)**

After all, this is the SAME president that demonized U.S. Immigrations and Customs Enforcement agents for political gain while pandering to Hispanic voters at the 2008 National Council of La Raza Conference in San Diego.

**Obama said: "When communities are terrorized by ICE immigration raids, when nursing mothers are torn from their babies, when children come home from school to find their parents missing, when people are detained without access to legal counsel, when all that is happening, the system just isn't working, and we need to change it."**

As the *Examiner's* Dave Gibson so rightly points out "Obama never mentioned how 'the system just isn't working' for all of the police officers who have been **killed** by illegal aliens, nor for the thousands of U.S. citizens who have been **raped** and **murdered** by those who have entered this country illegally." And we're pretty sure we won't hear Obama comment on how exactly his backdoor amnesty program is making Americans more safe along the border and throughout the country...

*Fox News* reports that the two agents who were shot were on patrol with a third agent, who was not harmed, and that all were on horseback according to George McCubbin, president of the National Border Patrol Council, a union representing about 17,000 border patrol agents. Cochise County Sheriff's spokeswoman Carol Capas said the shooting occurred after an alarm was triggered by a sensor along the border and three agents went to investigate. The on-going search for the killer(s) is being led by the Federal Bureau of Investigation and the Cochise County Sheriff's Office with agents on horseback and helicopters. According to the *Associated Press*, *smuggling activity typically rises at this time of night and year* as the weather is no longer hitting triple-digit figures. Unfortunately, this murder of one of our agents, whom Sen. Chuck Grassley of Iowa called a "fallen hero," likely could have been prevented regardless of the weather, had our southern border been SECURED! Instead this administration is giving illegal immigrants a free pass and leaving the border wide open with an even larger enticement to tiptoe right on across...

Thanks to King Obama, the feds will only respond to immigration violations if doing so involves catching repeat violators or other wanted felons. Obama even had the gall to announce a new "hot line" to take calls from illegal immigrants who think their civil rights may have been violated by Arizona law enforcement personnel! *So, what is stopping illegal immigrants and drug-traffickers from coming and going as they please?* NOTHING. Not unless we take action RIGHT NOW! Barack Obama thinks nothing of *shredding the Constitution*, as he deems fit, as long as it is to his own benefit. Arizona (and every other state trying to uphold federal immigration law) must rely on the federal government to enforce immigration laws, and Obama is pulling all the strings to make sure immigration laws remain unenforced unless we can force our elected officials to ACT!

Obama has thrown the separation of powers off-balance with his sweeping amnesty edicts, and our elected representatives on Capitol Hill will continue to look at their toes rather than into the eyes of the American people when it comes to enforcing immigration law UNLESS WE HOLD THEIR FEET TO THE FIRE!

Well, we're not going to sit by and watch more and more Americans die ON AMERICAN SOIL as the result of Obama's backdoor amnesty and failure to secure the border. We'll take care of Obama in November if the Fast & Furious scandal doesn't take care of him for us. In the meantime, we're going around the Oval Office and the media and going straight to Congress, to the men and women WE THE PEOPLE elected to represent US -- not illegal immigrants, not amnesty-lovers -- just US law-abiding, country-loving citizens. It's time to cut the strings and go around Barack Hussein Obama. *Can we count on your help?*

Right now, we MUST tell Washington where we stand on illegal immigration and that their lack of effort and overall failure to SECURE THE BORDER AND SECURE OUR ECONOMY is UNACCEPTABLE! We MUST demand OUR elected officials fix the broken immigration system by first securing our southern border -- ALL OF IT. We MUST demand OUR elected officials uphold the rule of immigration law by providing states with the necessary resources and tools to enforce them. We MUST defeat Barack Obama in November! *Will you help us?* The Editors American Conservative PAC

P.S.: Working to defeat Obama is EXPENSIVE! [Help us offset this administrative cost by making your most generous contribution - \\$15, \\$35, \\$60, or even \\$250 or more - to help defeat Obamnesty once and for all!](#) Please, help us continue the fight to secure our sovereign border and stop amnesty today!

**[DON'T LET OBAMA'S PANDERING PUT INNOCENT AMERICANS IN DANGER -- HELP US DEFEAT OBAMA IN NOVEMBER AND SECURE THE BORDER NOW! SELECT HERE TO HELP TAKE ACTION TO SECURE OUR BORDERS!](#)**

America is at a crossroads. We have a clear choice: four more years of the same hardship and decline -- or a new path. That choice was on full display at last night's debate.

The American people want jobs. They want leadership they can believe in. They want our great nation to prosper again.

And they want leaders who'll fight for them -- and alongside them.

Mitt Romney and I, along with the Republican team, are fighting for America's comeback. And we're willing to fight for it because we believe our nation is at its best when individuals are allowed to pursue their dreams.

We believe that on November 6th, America will rise to the occasion. Americans will fix what needs fixing. They will end four years of false steps, and choose a new path leading to more jobs and a stronger middle class.

Thank you,  
Paul Ryan

## Clinton was disbarred by Arkansas

He also paid a \$25,000.00 fine there; this was all over the Lewinski incident. He also paid an \$850,000.00 settlement over the Lewinski incident. He was also disbarred from practicing law in front of the Supreme Court.

So Bill Clinton, a disbarred lawyer, a President who was impeached for lying under oath, asks the American people to believe him when he says the best thing for the Country is 4 more years of Obama.

**Hmmmmmm -- Just wanted to make sure I had it right! Birds of a feather flock together!! Seems Clinton found people like himself to buddy with – neither of the Obama's are legally able to practice law anymore either!!**

## **TERRORISTS, REBELS, INSURGENTS, AND MILITIA**     **Bob Bowser, Founder Central Kansas Patriots**

Should we be concerned that CBS news/slant and our own Government officials are now calling foreign groups “militia”... in total disregard and opposition to THEIR interpretation of the 2<sup>nd</sup> Amendment use of the term as a “government-sanctioned” military organization?

[http://www.cbsnews.com/8301-202\\_162-57522061/panetta-terrorists-carried-out-consulate-attack/](http://www.cbsnews.com/8301-202_162-57522061/panetta-terrorists-carried-out-consulate-attack/)

“Meanwhile, Libya's leader says his government has disbanded about 10 militia groups and will continue to take action against Muslim extremists.”

<http://www.defense.gov/news/newsarticle.aspx?id=117838>

“One of the local militias that was friendly to the embassy came to assist as well,” the official added, “and I think that really speaks to the relationship that we have built with Libya.”

These are merely two examples of what I see as a rising problem with the left AGAIN redefining terminology.

Might this be another way of “dumbing down” society into believing “militia” is a bad thing... much like the corruption of the words “abortion” and “fetus” to cover up the REALITY that the murder of innocent children is taking place in our “modern” civilization?

**Militia** <http://dictionary.reference.com/browse/militia?s=t> 1590, "system of military discipline," from L. militia "military service, warfare," from miles "soldier" (see [military](#)). Sense of "citizen army" (as distinct from professional soldiers) is first recorded 1696, perhaps from Fr. milice.

**Abortion** <http://dictionary.reference.com/browse/abortion?s=t> 1540s, from L. abortioem (nom. abortio) "miscarriage, abortion," from abortus, pp. of aboriri (see [abortive](#)). Originally of both deliberate and [unintended](#) miscarriages; in 19c. some effort was made to distinguish abortion "expulsion of the fetus between 6 weeks and 6 months"

**Fetus** <http://dictionary.reference.com/browse/fetus?s=t> late 14c., from L. fetus "the bearing, bringing forth, or hatching of young," from L. base \*fe- "to generate, bear," also "to suck, suckle" (see [fecund](#)). In L., this was sometimes transferred figuratively to the newborn creature itself, or used in a sense of "offspring, brood"

Take a look at how the meaning of these words has been skewed and corrupted... There is nothing in the definition of “fetus” that refers to a “blob of flesh,” and in fact the definition goes against those who claim “life” does not begin until viability.

It'll make it a lot easier for them to take our guns if everybody's scared of a “citizen army”.

## WE SUPPORT PAUL RYAN!!

If we hadn't before we can now see just how arrogant, rude & downright obnoxious Joe Biden can be. Biden's behavior during the Vice Presidential debate underscored just how important it is to defeat the Obama-Biden re-election campaign, so we can once again have distinguished and honorable men serving in the White House.

Tonight you saw the clear contrast between the thoughtful, polite and considerate character of Paul Ryan and the gutter politics contrast offered by Joe Biden. You can help us bring an end to the Obama-Biden administration once and for all by voting for these honorable men.

All Vice President Biden could do was memorize statements, laugh, & interrupt Paul Ryan when he tried to speak. The old adage, "If you can't dazzle them with your brilliance, then baffle them with your bullshit!" applied to the majority of his statements. Biden managed to do that quite well. Recall this event, as well as the First Presidential Debate (when Obama had NOT memorized statements) when you go to vote on November 6. Vote for those you will be **PROUD** to have **REPRESENT** you.

## From the Weekly Update of Congresswoman Lynn Jenkins Challenges in the Middle East

Oct 14, 2012

This week the Committee on Oversight and Government Reform held the first of a series of hearings on events that surrounded the September 11, 2012, terrorist attack on the U.S. diplomatic post in Benghazi, Libya, that took the lives of U.S. Ambassador Chris Stevens and three of his staff members. Information is still unfolding regarding the attacks, but new information has shed light on requests for increased security forces that were denied by the State Department. It is clear that the administration's initial response was a complete misrepresentation of the events that occurred and was also misleading to the American public. It took the administration two weeks to correctly identify the event as a premeditated terrorist attack, and not a violent protest that resulted from an anti-Muslim YouTube video. This is unacceptable, particularly considering the ongoing challenges our nation will continue to face in the Middle East. Recently, the President referred to the violent uprisings in the region as "bumps in the road to diplomacy." American lives lost are not "bumps in the road." The security of our nation's heroes, who commit their lives to protecting our freedoms, must be a top priority. I will continue to work with leadership to ensure that we are doing everything we can to provide for their safety.

## U.S. Economy Is Not Recovering

With the economy currently growing at 1.3 percent, [lower than the 2 percent](#) it grew during the first three months of 2012, it is not hard to understand why folks feel like things are not getting better. This is because they are not. This month's jobs report may be a slight uptick from the overwhelming bad news we received during the previous 44 months, but [the majority of economic data](#) shows the president's policies are not working to get the economy back on track. There are 3.3 million fewer jobs, 6.4 million more people in poverty, and an additional 18.5 million people on food stamps today, than when the president took office.

## NBC IS AT IT AGAIN

David Martin, Executive Vice President, Media Research Center

Realizing that the Libyan cover-up scandal is breaking big, the media are dutifully trying to spin and downplay what happened – arrogantly suggesting that it's not a necessary enough story to even cover (even though the pre-planned attack resulted in the death of four Americans at the hands of radical Muslim terrorists on U.S. soil).

And NBC is one of the worst offenders!

As reported by ABC and CBS, a former security official claims that the State Department ignored repeated requests for extra security at the consulate in Libya. Emails from the State Department confirm his charge. As reluctant as they may have been, ABC and CBS were forced to cover this important breaking news, but NBC is pretending this massive scandal isn't newsworthy.

After you've signed our petition, please share this email with your friends so they know the extent to which NBC is willing to go to shield the Obama administration from its foreign policy failures and scandals.

The Media Research Center, the nation's watchdog on liberal media bias is committed to getting to the truth of this scandal. And through our national petition, we are demanding the media be held accountable for their violation of the public trust.

Thanks for your outstanding support.

## GRASSFIRE NATION – Saturday, October 13, 2012

Paul Ryan and Joe Biden came out swinging in their one-and-only vice-presidential debate. The Wisconsin congressman wanted to build on the momentum Mitt Romney gained a week earlier in the first presidential debate, while the current VP looked to "make up for lost ground" (Ryan's words) after Barack Obama's poor showing in Denver.

Even though Ryan hadn't participated in a campaign debate since his first run for office in 1998, the 42-year-old conservative "wonk" held his own against the sneering, smiling and laughing former U.S. senator from Delaware. In fact, many media commentators believe that Joe Biden's antics on stage may have worked against him.

Immediately after the showdown at Centre College in Danville KY, Fox News Channel's Chris Wallace told viewers, "I don't believe I've ever seen a debate in which one participant was as openly disrespectful of the other as Biden was to Paul Ryan ... It was openly contemptuous and disrespectful."

Social media exploded with comments about Biden's debate demeanor, with one pundit from left-leaning MSNBC posting on Twitter: "Biden needs to laugh a little less through the Libya, Middle East, nuclear Iran segment." Even well-known movie critic Roger Ebert tweeted: "Joe! Stop smiling and laughing!" A CNN poll showed that 48% of debate viewers said Ryan won the debate, while 44% picked Biden.

## Hillary Falls on Obama Sword

Posted on Oct. 16, 2012 by Conservative Byte

Late Monday afternoon, Elise Labott of CNN reported that Secretary of State Hillary Clinton had told her that she “takes responsibility” for security problems at the American consulate in Benghazi, Libya, resulting in the murder of our ambassador and three other Americans. Clinton, who is hiding out in Peru while this blows over, took to the microphone to throw herself on the sword. She said, “The buck stopped with her” when it came to the embassy, according to Labott. Labott further reported that Clinton stated, “she didn’t want to play any kind of blame game or political gotcha. She understands that the election is coming up and everyone wants to politicize this ... She wants to wait for an investigation.” According to Labott, however, Clinton also blamed Congress, as well as other members of government.

Hillary is clearly playing the good soldier on the eve of the crucial second presidential debate between her boss, President Obama, and challenger Mitt Romney. After Vice President Joe Biden threw Clinton under the bus during the vice presidential debate, stating that neither he nor President Obama knew anything about the security situation in Benghazi, Hillary stepped out to the front to take the hit.

There’s a dual purpose for this sudden mea culpa. The first is obvious: Obama wants to end all speculation about his role in the Libyan disaster, and Hillary believes that she can take the hit and keep on trucking due to her personal popularity. The second is more subtle: Obama is losing the female vote now – Romney’s running just a point behind Obama among female likely voters according to Gallup – and he figures he can kill two birds with one stone if he can get Republicans to attack Hillary Clinton, the most popular female politician in the country, over Libya.

If Secretary of State Clinton was responsible for the security situation in Benghazi – as, indeed, we argued she was on the day after the murder of Ambassador Chris Stevens – here’s the question, however: was she acting outside the scope of her duties when she failed to provide the ambassador the security he requested? Or was she following the orders of a President who has always attempted to avoid making waves in the Middle East, and saw a strong security presence as a show of force?

Women take heed!!! Under the bus you go!! Anyone & everyone is to blame when getting Obama out of the blame! Does “Take No Blame!” mean you’ve done “NOTHING,” so can’t possibly be at fault?? During the 2<sup>nd</sup> Presidential debate Obama **tried** to say he called it “terrorist” from the beginning – JUST NOT TRUE!!!

Our time is getting short. We need to get to the nitty-gritty of this election. While we all know about the broken promises, executive orders that take away so many of our rights, outrageous spending, many vacations, excessive golf, foreign apologies, disrespect to many, renouncing Christianity and our prayer days just to mention a few – I could go on and on!! The one thing that should take this man out of the Presidential office is his disrespect/ignoring of our Constitution, Bill of Rights, & Declaration of Independence. These are the rules our country has chosen to live by for over **220 years**. The documents have guided our Presidents and their staff well & helped keep them on the path our fore fathers laid out for us. When each & every President, Congressional member & many others take office they swear, on the Bible, to uphold these documents & what they stand for. President Obama has chosen to ignore the very existence of these documents & gone against them continually. This alone is grounds for impeachment. When our fore fathers & all of us have taken these documents to be our law then the law should be followed & when not followed the “law breaker” should be taken out of office. Now tell me why Barack Obama should remain in office. **He should NOT even be allowed to run again!! Let’s take care of his illegal Presidency November 6, 2012!!**

## Another “JUMP OUT AND GET YOU” Reason to DEFEAT Obama

Did you see the headline on the Drudge Report? Venezuelan dictator Hugo Chavez has announced his endorsement of Barack Obama and says he is assured that Obama supports what he wants for America’s future.

This tells you everything you need to know about how important it is for us to defeat Barack Obama. Obama appeases and cajoles America's enemies and they rub their hands with glee at the prospect of American weakness.

Allow us to remind you of what Hugo Chavez had said about the United States in his speech to the United Nations' General Assembly. He called former President George W. Bush the “devil” and said the UN stunk of “sulfur” after Bush had spoken there. And of the US in general, he said: “The United States empire is on the way down and it will be finished in the near future, for the good of all mankind.” **The**

thought of our President being supported by a man like Hugo Chavez makes me have cold chills!!

**Friends, it is imperative that we Defeat Barack Obama.**

## **LET'S SEE WHO IS THE RACIST?**

The Conservatives have been accused of being **racist** against Barack Obama. However, read what a real racist said, "I voted for Barack because he was black. 'Cuz that's why other folks vote for other people – because they look like them ... That's American politics, pure and simple. [Obama's] message didn't mean [bleep] to me." That is a quote from film star Samuel L. Jackson in **Political Outcast on Oct. 15, 2012 in an article written by Gary DeMar. THAT IS RACIST!!** I never heard anything so ridiculous and racist. Such garbage could only come out of a racist mouth. Race has NO place in a political campaign. If the Conservatives were racist why were they supporting Herman Cain, and, Allen West, along with Mia Love in Utah? I couldn't care less what color a person's skin is **IF** their mind set is in the right place. If that is all Obama has going for him it's no wonder he's a failure as a President. I want a man that intends to restore the USA to the **Constitution, We The People, and GOD to be our President.** To have the ability and experience to accomplish that would be my requirements – that will take a determined, experienced businessperson.

## **Black Christians: Shame! Shame! Shame!**

Posted by Lloyd Marcus on October 15, 2012 at 9:00am

Increasingly, I am hearing the following mantra/narrative from Black Christians. *"I'm voting for Obama because he is the lesser of the two evils."* This is an extremely weak, veiled attempt to justify their racism and loyalty to The Black Code (never side with a white against a fellow black).

From a Christian point of view, how can any Bible believer conclude that Mitt Romney is more evil than Barack Obama?

Here are a few of the numerous things on Obama's anti-Christian agenda. Obama supports same-sex marriage and has vowed to be an advocate for the gay, lesbian, bisexual and transgender communities. Obama supports abortion including infanticide (making it illegal to provide medical aid to a baby that has survived a failed abortion). Despite their strong will to survive, these babies must be left to die.

Massive governmental controls hidden in Obamacare include forcing Christian institutions to fund abortion services against the teachings of their faith. Think about that; the federal government demanding that Christians betray their biblical beliefs. Forty Catholic groups are fighting back by suing the Obama Administration. In typical liberal incremental fashion, our military has gone from a "Don't ask/ Don't tell" policy to being mandated to celebrate Gay Pride Month under Obama.

Indisputable facts are available everywhere exposing Obama to be the most **anti-Christian president** in U.S. History. I know some of you Black Christians will continue to stick your heads in the sand, refusing to accept the truth. Woe be unto you. Racism is evil, whether it comes from whites or blacks blindly worshiping Obama because of his skin-color.

So, Black Christians, tell me Romney's stated anti-Christian agenda. Grasping at straws, some will say Romney is a Mormon and Mormonism does not jive with Christianity. Well, you may have a point. However, Romney has not attacked Christianity or pledged to force Christians to betray their faith. Obama is boldly and dictatorially implementing his anti-Christian agenda. Regrettably, many of you black so-called followers of Christ realize who Obama really is and what he is doing. And yet, you will vote for him anyway because of your sick addiction to racial politics.

I have also heard Christians say, *"OK, I admit that Obama is destroying America, but I cannot vote for a Mormon."* Such thinking is illogical. Imagine, your home is on fire and your family is trapped inside. The Hells Angels motorcycle gang arrives at the scene offering to go inside to rescue your loved ones. How absurd would it be to reject their "God-sent" help because you disapprove of the Hells Angels' lifestyle?

Remember this old joke? A guy was trapped on his roof during a flood. He prayed for help. Various volunteers came to his aid in boats. The man rejected them all, waiting for God to save him. The foolish man drowned. In Heaven, the man asked God why he did not answer his prayer. God replied, "I did answer your prayer. You rejected everyone I sent."

America is on fire folks. Romney/Ryan are the most available firefighters. Thus, I believe they are "God-sent."

I asked a black minister friend to further explain this “lesser evil” thing. He said the “lesser evil” in his mind is the economy. While not disputing Obama's anti-Christian agenda, Obama still wins his vote because he believes Romney/Ryan's plan will further the decline of America's economy. In essence, this black minister of the Gospel is saying he values the economy over God's condemnation of homosexuality, over the lives of babies and over freedom of worship.

And by the way, this minister's thinking that Obama's economic plan of spending our way to prosperity is superior to Romney/Ryan's plan is idiotic, nonsensical and absurd. I cannot believe my friend is that stupid. I believe sighting the economy as his reason for voting for Obama is a weak excuse to mask his racism; pure and simple.

**To all of you, Obama-is-the-lesser-of-two-evils, black Christian voters, you should be ashamed of yourselves. You “ain't foolin” nobody. You are racists! May God have mercy on your soul.**

## **MORE FOREIGN POLICY LIES FROM VP DEBATE**

**LIE #1 – votes on Iraq & Afghan wars**     *“It came from THIS MAN (pointing to Paul Ryan) voting to put two wars on a credit card... I was there. I voted against him.*

The truth is that Biden actually DID vote for BOTH the Iraq and Afghanistan war. However, he did NOT support the troop surge that ended up winning the war in Iraq, calling it a “tragic mistake.” Biden and Obama, as Senators, wanted to cut and run from a victory in Iraq, and now in Afghanistan they are withdrawing our troops and trying to call it a victory, when we clearly have not yet accomplished our mission there!!

**LIE #2 – Emerging Nuclear-armed IRAN**     *“No, they (Iranians) are not four years closer to a nuclear weapon.”*

The Obama administration thought they could “reset” foreign relations with foreign powers including China, Russia and the Middle East and start making them “like” America again by apologizing all over the world. The only results we've had from that strategy are increasing boldness of our enemies in attacking us, and Iran is no different. They are bolder than ever in their pursuit of a nuclear weapon, ever confident that Obama would be too timid to stop them.

*We can't afford to have this type of person representing us here and abroad. If his “first in command” wants him – he can have him, but let's put them on an island all by their lonesome and they can lie to each other to their hearts content – we don't need to listen to them any more!!!*

## **QUICK HITS**

The Heritage Foundation on Wed., Oct. 17, 2012

President Obama had [more than three extra minutes](#) of speaking time last night compared to Governor Romney.

*Not only that but the moderator stopped Mitt Romney from finishing his responses several times when it was his turn to respond. There is no room for partiality in these debates.*

## **If Obama Wins, Who Will He Blame This Time?**

**Godfather Politics, Oct. 17, 2012 by Glacomo**

Since before the 2008 election, Obama continually pointed the wicked finger of fault at President George W. Bush. The economy was blamed on Bush. The job market crash was blamed on Bush. The collapse of the housing market was blamed on Bush. Everything was Bush's fault, according to Barack Obama.

Just a quick caveat here to say that the actual collapse of the housing market was the result of Bill Clinton's creative mortgage scheme to make millions of Americans able to afford buying a home. He ordered the mortgage industry to get creative and they did. Three to five years later, millions of Americans that bought into the creative mortgage loans discovered that their mortgage payments were increasing beyond their capability to pay. The result was a sudden increase in foreclosures and bankruptcies, which toppled the booming housing market over the edge. As the housing market crashed and millions of Americans were filing bankruptcy, it set off a domino effect that toppled one sector of the nation's economy after another. All of this

was Bill Clinton's fault, but it started to happen during George Bush's administration, so Democrats like Obama are quick to point the finger at Bush instead of Clinton.

Four years later, Obama has been in the White House and promised to turn things around. During the past four years, he's still pointing fingers at Bush and the GOP controlled House, when in reality it's his own failed policies that have dug America's grave deeper and deeper.

Obama promised to create 5 million new green jobs. All he has done is to waste billions of dollars on nearly a dozen green energy projects that have lost jobs. There are more Americans out of work now than when Obama took office.

**If he gets re-elected, who is he going to blame for this?**

Obama promised to cut the national debt in half. Instead, he has added \$6 trillion of debt, *far more than most of his predecessors combined.*

**If he gets re-elected, who is he going to blame for this?**

He promised that he would not raise taxes on anyone making less than \$250,000 per year. Obamacare will be implementing over a dozen new taxes that will be hitting everyone in the U.S.

**If he gets re-elected, who is he going to blame for this?**

He promised to cut healthcare costs by over \$2,000 a year per family, but Obamacare has resulted in an increase cost of nearly \$2,500 a year per family.

**If he gets re-elected, who is he going to blame for this?**

He promised more access to medical care under Obamacare, yet many doctors and hospitals have reduced access because of their cost increases under Obamacare.

**If he gets re-elected, who is he going to blame for this?**

He promised that he would expand Medicare coverage to provide more people with access to the program and he did. However, with his restructuring of Medicare's payment system, many doctors and hospitals are no longer accepting Medicare patients. The end result is that they will have less access to medical care than they had before.

**If he gets re-elected, who is he going to blame for this?**

He promised to improve America's energy situation and make us self-sufficient so we would not have to rely on foreign oil. He has prevented a number of oil drilling leases from being granted. He has blocked the Keystone XL Pipeline project. He has blocked drilling for oil on the North Slope of Alaska. He has waged war on the coal industry forcing some coalmines to shut down and lay off workers. Gasoline prices have nearly tripled since Obama took office. He has wasted billions of dollars on numerous failed green energy projects.

**If he gets re-elected, who is he going to blame for this?**

It reminds me of a [t-shirt](#) I recently saw that had a picture of President George W. Bush with the caption: **"Poor Obama. If he is elected for a second term, just think of the mess he will inherit."** I think the shirt says it all.

## TOP-10 "Only In America" Observations ~ by a Canadian

- > 1) Only in America, could politicians talk about the greed of the rich at a \$35,000.00 a plate campaign fund-raising event.
- > 2) Only in America, could people claim that the government still discriminates against black Americans when they have a black President, a black Attorney General, and roughly 18% of the federal workforce is black while only 12% of the population is black.
- > 3) Only in America, could they have had the two people most responsible for our tax code, Timothy Geithner, the head of the Treasury Department and Charles Rangel who once ran the Ways and Means Committee, BOTH turn out to be tax cheats who are in favor of higher taxes.
- > 4) Only in America, can they have terrorists kill people in the name of Allah and have the media primarily react by fretting that Muslims might be harmed by the backlash.
- > 5) Only in America, would they make people who want to legally become American citizens wait for years in their home countries and pay tens of thousands of dollars for the privilege while we discuss letting anyone who sneaks into the country illegally just 'magically' become American citizens.
- > 6) Only in America, could the people who believe in balancing the budget and sticking by the country's Constitution be thought of as "extremists."
- > 7) Only in America, could you need to present a driver's license to cash a check or buy alcohol, but not to vote.
- > 8) Only in America, could people demand the government investigate whether oil companies are gouging the public because the price of gas went up when the return on equity invested in a major U.S. oil company (Marathon

Oil) is less than half of a company making tennis shoes (Nike).

> **9) Only in America, could the government collect more tax dollars from the people than any nation in recorded history, still spend a Trillion dollars more than it has per year - for total spending of \$7-Million PER MINUTE, and complain that it doesn't have nearly enough money.**

> **10) Only in America, could the rich people - who pay 86% of all income taxes - be accused of not paying their "fair share" by people who don't pay any income taxes at all.**

## **FACT CHECK: TOP 10 WORST LIES OF THE SECOND PRESIDENTIAL DEBATE**

The Second Presidential Debate featured repeated claims by each candidate that the other was not telling the truth--as well as at least one claim of fact by the moderator that turned out to be false. There were even questionable claims by the audience itself. Here are the top ten worst lies told during the Second Debate:

**10. "I told you I would cut taxes for middle-class families, and I did. I told you I'd cut taxes for small businesses, and I have."** President Barack Obama has made this claim repeatedly during the campaign, but it is not true, as even the liberal *Huffington Post* [acknowledges](#). The few tax cuts that Obama did enact--such as the temporary payroll tax holiday--were short-term, or conditional. Furthermore, as the Romney campaign has often pointed out, Obama has raised many taxes on the middle class, including the infamous Obamacare "penalty," and his taxes on "millionaires and billionaires" would hit small businesses.

**9. "... [H]e was asked, is it fair for somebody like you, making \$20 million a year, to pay a lower tax rate than a nurse or a bus driver... And he said, yes, I think that's fair."** Obama was referring to Romney's recent *60 Minutes* interview. But the [transcript](#) reveals Obama was not telling the truth. Romney was not saying it was fair that higher income should be taxed at a lower rate. He was referring *specifically* to the principle that capital gains should be taxed lower than other income because it has been taxed once already--a principle, incidentally, that Obama agrees with in his own tax policy.

**8. "He called the Arizona law a model for the nation."** Obama tried to knock Romney's immigration policy while at the same time accusing him of flip-flopping on the issue. But as Romney pointed out, he was referring [specifically](#) to the e-Verify part of the law--the requirement of instant verification of workers' legal status. That provision is even favored by unions. Obama made it seem Romney praised the law as a whole--which he had not. He went on to say that he himself objected to the provision that allowed police to check suspected illegal immigrants' documentation -- but that provision survived a challenge at the Supreme Court.

**7. "I want to make sure our timekeepers are working here."** For the third debate in a row, the Democratic candidate complained that he was not receiving as much time to speak as the Republican. And for the third debate in a row, the Obama/Biden ticket actually spoke for *longer* -- much longer -- than the Romney/Ryan ticket, a testament to the ability of the incumbents to pressure the moderators, and the susceptibility of the left-leaning moderators to such pressure. Obama received a full three minutes more time in last night's debate -- and the percentage difference was even higher at one point in the proceedings.

**6. "They rely on it for mammograms."** Obama attacked Romney's proposal to cut off federal funding to Planned Parenthood by claiming that the organization provides mammograms to women to help prevent breast cancer. It's been a repeated claim made by the left for months. The problem is that [it's just untrue](#) -- and even left-leaning [mainstream media fact-checkers](#) have acknowledged that. What is perhaps worse than Obama's misleading claim about mammograms is the unsupported implication that Romney wants to deny life-saving health care to women -- a cheap shot to which Romney was given no chance to respond.

**5. "You can ship jobs overseas and get tax breaks for it."** We have heard the same lie for *eight years* from Obama. In [2004](#), he ran for U.S. Senate from Illinois on a promise to end such tax breaks. He did it again when he ran for President of the United States in [2008](#). And yet he has never done anything about it -- because [there are no such tax breaks](#). There is merely a deduction that companies can take for moving, even within the U.S. -- and which helps offset the double taxation of U.S. businesses abroad, which would make American companies less competitive. *Repealing* it would ship jobs overseas, actually.

**4. "And the production is up... What you're saying is just not true."** Obama contested a claim by Romney that production of oil and gas is down on federal lands. He even accused Romney of not telling the truth. But Romney was right -- [exactly right](#), down to the percentage decline. Furthermore, Obama's claim that he has been increasing oil and gas production on federal lands flies in the face of recent policy decisions, such as [closing off](#) a large part of the National Petroleum Reserve-Alaska to further development. Obama has tried to take credit for expansion on *private* lands, while opposing expansion wherever possible.

**3. "In what new ways do you intend to rectify the inequalities in the workplace, specifically regarding females making only 72 percent of what their male counterparts earn?"** The false premise from a member of the audience was especially egregious because her question had been selected in advance by the moderator. The supposed wage gap between men and women for the same work is largely a myth. As Diana Furchtgott-Roth [pointed out](#): "Women make about 95 percent of what their male counterparts earn, if the male counterparts are in the same job with the same experience."

**2. "He wanted to take them into bankruptcy without providing them any way to stay open."** After Obama

accused Romney of wanting American auto manufacturers to go bankrupt, Romney pointed out that Obama had, in fact, taken the auto companies through bankruptcy. Obama's retort was to accuse Romney of wanting to take the companies bankrupt in order to put them out of business -- a blatant lie. Romney actually suggested in his famous 2008 [op-ed](#): "In a managed bankruptcy, the federal government would propel newly competitive and viable automakers, rather than seal their fate with a bailout check."

**1. "He did call it an act of terror."** The worst untruth told by a moderator in presidential history. Candy Crowley's intervention in favor of Obama caused the president's cheering section to burst into applause, in violation of the rules, and there was little that Romney could say in response. But she was [wrong](#) -- Obama's reference to "acts of terror" in his Sep. 12 statement was in a general, abstract sense, and came long after he had described the 9/11 attacks on U.S. diplomatic missions as demonstrations against an anti-Islamic video. Even Crowley seemed to realize what she had done: it wasn't long before she walked back her own comment.
