Boldly Into The Breach

Will the real life story of incredible bravery, and the extreme courage of warriors Glen Doherty and Tyrone Woods be lost just because of Machiavellian politics?

BY: Brandon Webb, Oct 2012

Updates as more information is coming through. Even if the true story of their heroism casts an uncomfortable light of truth upon the lies told by President Obama and his administration, we will tell it. They deserve it.

President Obama implied, quite intentionally, in [his Weekly Address](#) that Glen Doherty and Tyrone Woods were part of Ambassador Christopher Steven's security detail: **"Glen and Tyrone had each served America as Navy SEALs for many years, before continuing their service providing security for our diplomats in Libya. They died as they lived their lives -- defending their fellow Americans, and advancing the values that all of us hold dear.**

-President Obama (Weekly address)

Sounds good, the only problem is this statement is a total fabrication. A lie. Yes, they were both former Navy Seals, but neither Tyrone nor Glen were part of the Ambassador's official security detail.

No. The truth is: they heard the attack, they heard the gunfire, and despite the danger to themselves they rushed into the breach taking weapons from the frightened Libyan security officials to help protect the American Consulate, Ambassador Stevens and his embassy aide Sean Smith.

Both Tyrone Woods and Glen Doherty were under no obligation to assist, protect or defend Stevens. They could have bugged out, they didn't... They ran into the breach. It was, and is, an important enough distinction that two U.S. officials quickly wanted to tell the truth.

[They told the Guardian](#): [...] *they feared the Obama administration's scant description of the episode left a misimpression that the two ex-Navy SEALs might have been responsible for the ambassador's personal safety or become separated from him.*

"Woods and Doherty weren't part of the detail, nor were they personally responsible for the ambassador's security, but they stepped into the breach when the attacks occurred and their actions saved others lives -- and they shouldn't be lumped in with the security detail," ...

According to what scant actual information is available the former seal team members, Glen Doherty and Tyrone Woods, appear to have been in Libya because they were contracted by another intelligence office, probably the CIA, to track down the missing surface-to-air missiles from the initial rebel uprising.

During the Gadaffi overthrow massive stockpiles of Libyan weapons including MANPADS and other surface to air missiles were looted from the military storage facilities. Estimates put the number of missing missiles around 20,000.

It appears Doherty and Woods were in Libya to track down those weapons. As a consequence of their visit they were crashed at an annex to the US consulate grounds using it as a safe place to meet, coordinate, and evaluate their ongoing intel. Their location was approximately a half-mile from the main consulate compound area.

They were inside an annex building when the main consulate complex came under attack from the Libyan al-Qaeda terrorists. They heard the distant shots and responded to a call for help from the compound itself. Both Woods and Doherty evaluated the assassination attempt, and immediately took up arms to defend Ambassador Stevens.

Their heroism is incredible when you consider what they were facing. Doherty and Woods reached the main compound of the Consulate and evacuated approximately 20 employees. Unfortunately, Ambassador Steven's aide Sean Smith was already dead when they arrived. Woods and Doherty fought through the firefight, and took the consulate employees back to the annex building where again they came under another wave of attacks.

Between the initial firefight at the Main Consulate, and at the annex building, for over two hours they were able to fight back against approximately [200 al-Qaeda terrorists](#), who pre-planned and coordinated the attack to occur in two stages.

The second wave of attacks at the annex brought even more firepower upon them. Yet they held their position providing time for the 20 consulate employees to be rescued. In total for over two hours they held off upwards of 200 attackers, under heavy fire from RPGs, mortars, and at least one 23mm Anti Aircraft gun firing on their position(s) around the consulate grounds and the annex building.

[This story must be told.](#) **The heroism of Doherty and Woods MUST surface. They deserve it. Unfortunately, because the truth represents a risk to the manipulated narrative of the White House and State Department, it will be up to outsiders to keep the pressure on and force the truth to the surface.**

If we leave it up to the Administration and the State Department we will probably never know the TRUTH and the heroism of Woods and Doherty will not be fully recognized or appreciated.

These guys died while defending US interests because they were brave patriots who put country ahead of self.

We will not let their courage be hidden or diminished. I promise to do all I can to keep their story in the spotlight and provide their family the full measure of appreciation for their bravery. They deserve it.

We will not forget, and will keep fighting for the recognition they deserve.

Brandon Webb is a former Navy SEAL, author of a memoir, "The Red Circle," and editor-in-chief of SOFREP (Special Operations Forces Report). He served with his best friend, Glen Doherty, at SEAL Team 3, where they were sniper students together. They had just completed a book together, "Navy SEAL Sniper," which is due out in January. [He penned this farewell to his friend:](#)

Glen,

I still can't believe you punched out early on me, but glad to hear from the guys that you fought like a hero – no surprise there.

You should know, your efforts resulted in the rescue of over 20 Department of State personnel. They are alive today because of yours and Ty's heroic action.

I know you hate funerals as much as I do, but the service in Winchester was humbling and inspiring. The people of Boston are amazing. I had to choke back the tears as me and the boys rolled through town, and thousands of people lined the streets to honor a hero and our friend and teammate. Seeing American citizens united around a hero, if only for a brief moment, restored my faith in humanity and that there's other things more important in life than killing each other.

Your family is and was amazing. Their poise, patience and the dignity they displayed was incredible to witness. Your mom, Barbara, stood by stoically for hours to ensure she greeted everyone who came to pay their respects. She was an inspiration to everyone who watched. Seeing your dad, his sadness and how proud he was of you, made me give him a big hug, and reminded me to work harder at patching things up with my own father.

Greg delivered one of the best talks I've ever heard under the most difficult of situations. What an amazing brother; I hope to get to know him better. His speech made me reflect on my own life choices and how important our relationship with friends and family are. I'm going to work harder at embracing my friends and family the way you always did.

Katie gave such an awesome toast at the wake with all the Bub lessons to live by, I smirked secretly to myself knowing that I've heard them all before and will never forget. "Drive it like it's stolen!" and "Kids don't need store-bought toys, get them outdoors!" and all the rest.

Your nephews are amazing and so well-behaved. Great parents of course. F.Y.I., I told them I'd take them flying when they come out west. They were beaming when I described all the crazy flying adventures me and their uncle went on. I told them how you and I would fly with my own kids and take turns letting them sit on our laps to get a few minutes at the controls. I'll do it up right and let them each have a go at the controls.

Sean has been steadfast in his support role and has handled everything thrown at him. Helping him this last week really showed me why he was such a close friend of yours. He's solid, and I look forward to his friendship for years to come. You chose well having him execute your will, he's solid.

We are all dedicated, as you explicitly indicated to us all, to throw you the biggest effing party we can, and to celebrate your life as well as our own. Done deal; Sean and I are on it.

Most of SEAL Team 3 GOLF platoon showed up in Boston. It was great to see how guys like Tommy B. just made stuff happen, no matter what was needed. Things just got handled like men of action handle them, no questions asked and no instructions needed — just get it done in true SEAL fashion.

One by one the Tridents were firmly pounded into to the mahogany as the guys paid their respect. Mike and I handed the plank to your mom, choked back tears, and kissed her on the cheek. We both told her how much you'll be missed by us all.

You definitely lived up to the words of Hunter S. Thompson:

"Life should not be a journey to the grave with the intention of arriving safely in a pretty and well-preserved body, but rather to skid in broadside in a cloud of smoke, thoroughly used up, totally worn out, and loudly proclaiming "Wow! What a ride!"

When I skid in broadside in a cloud of smoke myself I'll expect to see your smiling face handing me a cold beer.

See you on the other side, brother. You are missed by many.

[-B.W.](#)

Now give me just ONE good reason why we would want this lying, manipulating President and his gang that has fabricated those lies about what actually happened to be the leaders of our wonderful Country!! All they care about is covering their own behinds and are willing to lie, deceive, dishonor and allow outstanding Americans to die to achieve that. May GOD have mercy on their souls!! You know, they don't even deserve that!!

Dear Fellow Conservative,

Just four United States Senate seats stand between Senator Harry Reid and another two years of full control of the United States Senate.

That's why with only [10] days until Election Day, Harry Reid is in full attack mode -- attacking Tea Party backed conservative candidates in the most important Senate races across the county.

It is our responsibility to contact anyone and everyone in these states and make them understand how and why we MUST oust their old Senators. The Conservatives MUST gain control of the Senate for us to be able to help Mitt Romney turn this country around. If we can retain control of the House, gain control of the Senate and have a man, Mitt Romney, who wants our Country to return to its prior strength as our President we have a fighting chance to return the USA to the Constitution, We the People, and GOD. Come on, Americans, WE CAN DO IT!!!

OHIO

Josh Mandel: A US combat marine, Mandel is within striking distance in Ohio against Obama/Reid rubber-stamped Sherrod Brown. Brown votes with the Obama/Reid 95% of the time. Reid is investing millions attacking this young Marine.

INDIANA

Richard Mourdock: Real Clear Politics calls the race between Richard Mourdock, the Tea Party hero who defeated status-quo defender Dick Lugar, and his Democrat opponent a "tossup." Harry Reid has spent millions to defeat Mourdock with Joe Donnelly. Congressman Joe Donnelly has backed Obama every step of the way and is a Harry Reid co-conspirator on spending our nation into debt.

ARIZONA

Jeff Flake: One of the most fiscally conservative members of Congress, Jeff Flake is a true conservative reformer who championed the current ban on earmarks. His opponent, Dr. Richard Carmona was cherry-

picked by the Obama Administration and has access to millions of Democrat Super PAC dollars. Carmona would serve as yet another rubber-stamp vote for Harry Reid and the Obama White House.

You see, **Harry Reid and the national Democrats fight dirty and are prepared to unleash the nastiest campaign you have ever seen in the next three weeks.** They're escalating their spending because they're afraid of what a conservative, Tea Party Senate means to their radical ideology. **They're terrified that our limited government, pro-America agenda will multiply to both sides of the Capitol and they'll do anything to stop it.**

VIRGINIA

George Allen: Allen is in a dead heat with the former Chairman of the Democratic National Committee. What makes matters worse are the public employee unions – SEIU and AFSCME – dumping tens of thousands of dollars of union money into Virginia to buy this election. If Harry Reid and Barack Obama win Virginia – Democrats are likely to win both the presidency AND Harry Reid will keep control of the Senate.

You see, **Harry Reid and the national Democrats fight dirty and are prepared to unleash the nastiest campaign you have ever seen in the next three weeks.** They're escalating their spending because they're afraid of what a conservative, Tea Party Senate means to their radical ideology. **They're terrified that our limited government, pro-America agenda will multiply to both sides of the Capitol and they'll do anything to stop it.**

In 2010, we made history, taking back the House of Representatives in what analysts called a historic "wave election," and prevented President Obama from implementing the most radical parts of his agenda. This year, it's time to finish the job, electing candidates like Josh Mandel, Richard Mourdock, Jeff Flake, and George Allen, who will not only challenge the status quo but ensure our Tea Party values are represented in Washington.

To make this happen, we need you to join thousands of other committed Tea Party supporters who are so dedicated to the cause of liberty that they've opened their hearts and get in gear to help. From TEA PARTY Patriots

Friend,

I'm glad I had the opportunity to debate President Obama last night, and I hope you were able to watch. I wouldn't have been there if it weren't for supporters like you, and I appreciate you standing with me.

If elected, Paul Ryan and I, and the Republican team, will work to restore strength to America. Our children deserve it, our nation depends upon it, and the peace and freedom of the world require it.

Thank you for believing America can do better, and that together, we can restore the country we love. Thanks to supporters like you, we have built one of the strongest grassroots organizations in history.

Over 119,000 volunteers have made nearly 45 million volunteer voter contacts since Victory launched this year, including over 9 million door-to-door voter contacts -- and that's incredible.

We are fired up and ready to turn out the vote during Early Voting and on Election Day. But we need resources to compete with the Obama spin machine.

President Obama and the liberal Democrats are planning to blanket key battleground states with a surge of negative attack ads -- and we have to ensure that our message is heard.

Finally, Matt Patterson and Newsweek speak out about Obama. This is timely and tough. As many of you know, Newsweek has a reputation for being extremely liberal. The fact that their editor saw fit to print the following article about Obama and the one that appears in the latest Newsweek makes this a truly amazing event, and a news story in and of itself. At last, the truth about our President and his agenda are starting to trickle through the "protective wall" built around him by the liberal media.

Too Have Become Disillusioned. By Matt Patterson (columnist – opinion writer) Oct 2012

Years from now, historians may regard the 2008 election of Barack Obama as an inscrutable and disturbing phenomenon, the result of a baffling breed of mass hysteria akin perhaps to the witch craze of the Middle Ages. **How, they will wonder, did a man so devoid of professional accomplishment beguile so many into thinking he could manage the world's largest economy, direct the world's most powerful military, execute the world's most consequential job?**

Imagine a future historian examining Obama's pre-presidential life: ushered into and through the Ivy League, despite unremarkable grades and test scores along the way; a cushy non-job as a "community organizer;" a brief career as a state legislator devoid of legislative achievement (and in fact nearly devoid of his

attention, so often did he vote "present"); and finally an unaccomplished single term in the United States Senate, the entirety of which was devoted to his presidential ambitions.

He left no academic legacy in academia, authored no signature legislation as a legislator. And then there is the matter of his troubling associations: the white-hating, America-loathing preacher who for decades served as Obama's "spiritual mentor"; a real-life, actual terrorist who served as Obama's colleague and political sponsor. It is easy to imagine a future historian looking at it all and asking: *how on Earth was such a man elected president?*

Not content to wait for history, the incomparable **Norman Podhoretz** addressed the question recently in the Wall Street Journal: **To be sure, no white candidate who had close associations with an outspoken hater of America like Jeremiah Wright and an unrepentant terrorist like Bill Ayers, would have lasted a single day. But because Mr. Obama was black, and therefore entitled in the eyes of liberal Dom to have hung out with protesters against various American injustices, even if they were a bit extreme, he was given a pass. Let that sink in: Obama was given a pass - held to a lower standard - because of the color of his skin.**

Podhoretz continues: And in any case, what did such ancient history matter when he was also so articulate and elegant and (as he himself had said) "non-threatening," all of which gave him a fighting chance to become the first black president and thereby to lay the curse of racism to rest?

Podhoretz puts his finger, I think, on the animating pulse of the **Obama phenomenon - affirmative action**. Not in the legal sense, of course. But certainly in the motivating sentiment behind all affirmative action laws and regulations, which are designed primarily to make white people, and **especially white liberals**, feel good about themselves.

Unfortunately, minorities often suffer so that whites can pat themselves on the back. **Liberals routinely admit minorities to schools for which they are not qualified, yet take no responsibility for the inevitable poor performance and high drop-out rates which follow. Liberals don't care if these minority students fail; liberals aren't around to witness the emotional devastation and deflated self-esteem resulting from the racist policy that is affirmative action. Yes, racist.** Holding someone to a separate standard merely because of the color of his skin - that's affirmative action in a nutshell, **and if that isn't racism, then nothing is.**

And that is what America did to Obama. True, Obama himself was never troubled by his lack of achievements, but why would he be? As many have noted, Obama was told he was good enough for Columbia despite undistinguished grades at Occidental; he was told he was good enough for the US Senate despite a mediocre record in Illinois; he was told he was good enough to be president despite no record at all in the Senate. All his life, every step of the way, **Obama was told he was good enough for the next step, in spite of ample evidence to the contrary.**

What could this breed if not the sort of empty narcissism on display every time Obama speaks? In 2008, many who agreed that he lacked executive qualifications nonetheless raved about Obama's oratory skills, intellect, and cool character. **Those people - conservatives included - ought now to be deeply embarrassed.**

The man thinks and speaks in the hoariest of clichés, and that's when he has his Teleprompters in front of him; when the prompter is absent he can barely think or speak at all. Not one original idea has ever issued from his mouth - **it's all warmed-over Marxism of the kind that has failed over and over again for 100 years**. (An example is his 2012 campaign speeches which are almost word for word his 2008 speeches)

And what about his character? **Obama is constantly blaming anything and everything else for his troubles**. Bush did it; it was bad luck; I inherited this mess. Remember, he wanted the job, campaigned for the task. It is embarrassing to see a president so willing to advertise his own powerlessness, so comfortable with his own incompetence. (The other day he actually came out and said **no one could have done anything to get our economy and country back on track**.) But really, what were we to expect? The man has never been responsible for anything, so how do we expect him to act responsibly?

In short: our president is a small-minded man, with neither the temperament nor the intellect to handle his job. When you understand that, and only when you understand that, will the current erosion of liberty and prosperity make sense. It could not have gone otherwise with such a man in the Oval Office.

Dr. Sam Vaknin is an Israeli psychologist who has written extensively about narcissism, with an interesting view on our President. He has written extensively about narcissism. Dr. Vaknin states "I must confess I was impressed by Obama from the first time I saw him. At first I was excited to see a black candidate. He looked youthful, spoke well, appeared to be confident -- a wholesome presidential package. I was put off soon, not just because of his shallowness, but also because there was an air of haughtiness in his demeanor that was unsettling. His posture and his body language were louder than his empty words. Obama's speeches are unlike any political speech we have heard in American history. Never a politician in this land had such quasi "religious" impact on so many people.

The fact that Obama is a total incognito with zero accomplishment, makes this inexplicable infatuation alarming. Obama is not an ordinary man. He is not a genius. In fact he is quite ignorant on most important subjects."

Dr. Sam Vaknin, the author of the *Malignant Self Love* believes "Barack Obama appears to be a narcissist." Vaknin is a world authority on narcissism. He understands narcissism and describes the inner mind of a narcissist like no other person. When he talks about narcissism everyone listens. Vaknin says that Obama's language, posture and demeanor, and the testimonies of his closest, dearest friends suggest that the man is either a narcissist or he may have narcissistic personality disorder (NPD).

Narcissists project a grandiose but false image of themselves. Jim Jones, the charismatic leader of People's Temple, the man who led over 900 of his followers to cheerfully commit mass suicide and even murder their own children was also a narcissist. David Koresh, Charles Manson, Joseph Koni, Shoko Asahara, Stalin, Saddam, Mao, Kim Jong Ill and Adolph Hitler are a few examples of narcissists of our time. All these men had a tremendous influence over their fanciers. They created a personality cult around themselves and with their blazing speeches elevated their admirers, filled their hearts with enthusiasm and instilled in their minds a new zest for life. They gave them hope! They promised them the moon, but alas, invariably they brought them to their doom.

When you are a victim of a cult of personality, you don't know it until it is too late. One determining factor in the development of NPD is childhood abuse "Obama's early life was decidedly chaotic and replete with traumatic and mentally bruising dislocations," says Vaknin. "Mixed-race marriages were even less common then. His parents went through a divorce when he was an infant two years old. Obama saw his father only once again, before he died in a car accident. Then his mother re-married and Obama had to relocate to Indonesia, a foreign land with a radically foreign culture, to be raised by a stepfather. At the age of ten, he was whisked off to live with his maternal (white) grandparents. He saw his mother only intermittently in the following few years and then she vanished from his life in 1979. "She died of cancer in 1995."

One must never underestimate the manipulative genius of pathological narcissists. They project such an imposing personality that it overwhelms those around them. Charmed by the charisma of the narcissist, people become like clay in his hands. They cheerfully do his bidding and delight to be at his service. The narcissist shapes the world around himself and reduces others in his own inverted image. He creates a cult of personality. His admirers become his co-dependents. Narcissists have no interest in things that do not help them to reach their personal objective. They are focused on one thing alone and that is power. All other issues are meaningless to them and they do not want to waste their precious time on trivialities. Anything that does not help them is beneath them and does not deserve their attention.

If an issue raised in the Senate does not help Obama in one way or another, he has no interest in it. The "present" vote is a safe vote. No one can criticize him if things go wrong. Those issues are unworthy by their very nature because they are not about him.

Obama's election as the first black president of the Harvard Law Review led to a contract and advance to write a book about race relations. The University of Chicago Law School provided him a lot longer than expected and at the end it evolved into, guess what? His own autobiography! Instead of writing a scholarly paper focusing on race relations, for which he had been paid, Obama could not resist writing about his most sublime self. He entitled the book *Dreams from My Father*.

Not surprisingly, Adolph Hitler also wrote his own autobiography when he was still a nobody. So did Stalin. For a narcissist no subject is as important as his own self. Why would he waste his precious time and genius writing about insignificant things when he can write about such an august being as himself?

Narcissists are often callous and even ruthless. As the norm, they lack conscience. This is evident from Obama's lack of interest in his own brother who lives on only one dollar per month. A man who lives in luxury, who takes a private jet to vacation in Hawaii, and who raised nearly half a billion dollars for his campaign (something unprecedented in history) has no interest in the plight of his own brother. Why? Because, his brother cannot be used for his ascent to power. A narcissist cares for no one but himself.

This election was like no other in the history of America. The issues were insignificant compared to what is at stake. What can be more dangerous than having a man bereft of conscience, a serial liar, and one who cannot distinguish his fantasies from reality as the leader of the free world?

I hate to sound alarmist, but one is a fool if one is not alarmed. Many politicians are narcissists. They pose no threat to others. They are simply self serving and selfish. Obama evidences symptoms of pathological narcissism, which is different from the run-of-the-mill narcissism of a Richard Nixon or a Bill Clinton for example. To him reality and fantasy are intertwined.

This is a mental health issue, not just a character flaw. Pathological narcissists are dangerous because they look normal and even intelligent. It is this disguise that makes them treacherous. Today the Democrats have placed all their hopes in Obama. But this man could put an end to their party. The great majority of blacks voted for Obama. Only a fool does not know that their support for him is racially driven. This is racism, pure and simple.

The downside of this is that if Obama turns out to be the disaster I predict, he will cause widespread resentment among the whites. The blacks are unlikely to give up their support of their man. Cultic mentality is pernicious and unrelenting. They will dig their heads deeper in the sand and blame Obama's detractors of racism. This will cause a backlash among the whites. The white supremacists will take advantage of the discontent and they will receive widespread support. I predict that in less than four years, racial tensions will increase to levels never seen since the turbulent 1960's.

Obama will set the clock back decades. America is the bastion of freedom. The peace of the world depends on the strength of America, and its weakness translates into the triumph of terrorism and victory of rogue nations. It is no wonder that Ahmadinejad, Hugo Chavez, the Castrists, the Hezbollah, the Hamas, the lawyers of the Guantanamo terrorists, and virtually all sworn enemies of America are so thrilled by the prospect of their man in the White House.

America is on the verge of destruction. There is no insanity greater than electing a pathological narcissist as president.

American Capitalism Gone With A Whimper

By: Stanislav Mishin May 18, 2009

It must be said, that like the breaking of a great dam, the American descent into Marxism is happening with breathtaking speed, against the backdrop of a passive, hapless **sheeple**, excuse me dear reader, I meant people.

True, the situation has been well prepared on and off for the past century, especially the past twenty years. The initial testing grounds were conducted upon our Holy Russia and a bloody test it was. But we Russians would not just roll over and give up our freedoms and our souls, no matter how much money Wall Street poured into the fists of the Marxists.

Those lessons were taken and used to properly prepare the American populace for the surrender of their freedoms and souls, to the whims of their elites and betters.

First, the population was dumbed down through a politicized and substandard education system based on pop culture, rather than the classics. Americans know more about their favorite TV dramas than the drama in DC that directly affects their lives. They care more for their "right" to choke down a McDonalds burger or a Burger King burger than for their constitutional rights. Then they turn around and lecture us about our rights and about our "democracy". Pride blinds the foolish.

Then their faith in God was destroyed, until their churches, all tens of thousands of different "branches and denominations" were for the most part little more than Sunday circuses and their televangelists and top protestant mega preachers were more than happy to sell out their souls and flocks to be on the "winning" side of one pseudo Marxist politician or another. Their flocks may complain, but when explained that they would be on the "winning" side, their flocks were ever so quick to reject Christ in hopes for earthly power. Even our Holy Orthodox churches are scandalously liberalized in America.

The final collapse has come with the election of Barack Obama. His speed in the past three months has been truly impressive. His spending and money printing has been record setting, not just in America's short history but in the world. If this keeps up for more than another year, and there is no sign that it will not, America at best will resemble the Weimar Republic and at worst Zimbabwe.

These past two weeks have been the most breath taking of all. First came the announcement of a planned redesign of the American Byzantine tax system, by the very thieves who used it to bankroll their thefts, losses, and swindles of hundreds of billions of dollars. These make our Russian oligarchs look little more than

ordinary street thugs, in comparison. Yes, the Americans have beat our own thieves in the sheer volumes. Should we congratulate them?

These men, of course, are not an elected panel but made up of appointees picked from the very financial oligarchs and their henchmen who are now gorging themselves on trillions of American dollars, in one bailout after another. They are also usurping the rights, duties, and powers of the American congress (parliament). Again, congress has put up little more than a whimper to their masters.

Then came Barack Obama's command that GM's (General Motors) president step down from leadership of his company. That is correct, dear reader, in the land of "pure" free markets, the American president now has the power, the self-given power, to fire CEOs and we can assume other employees of private companies, at will. Come hither, go dither, the centurion commands his minions.

So it should be no surprise that the American president has followed this up with a "bold" move of declaring that he and another group of unelected, chosen stooges will now redesign the entire automotive industry and will even be the guarantee of automobile policies. I am sure that if given the chance, they would happily try and redesign it for the whole of the world, too. Prime Minister Putin, less than two months ago, warned Obama and UK 's Blair, not to follow the path to Marxism, it only leads to disaster. Apparently, even though we suffered 70 years of this Western sponsored horror show, we know nothing, as foolish, drunken Russians, and so let our "wise" Anglo-Saxon fools find out the folly of their own pride.

Again, the American public has taken this with barely a whimper... but a "free man" whimper.

So, should it be any surprise to discover that the Democratically controlled Congress of America is working on passing a new regulation that would give the American Treasury department the power to set "fair" maximum salaries, evaluate performance, and control how private companies give out pay raises and bonuses? Senator Barney Frank, a social pervert basking in his homosexuality (of course, amongst the modern, enlightened American societal norm, as well as that of the general West, homosexuality is not only not a looked down upon life choice, but is often praised as a virtue) and his Marxist enlightenment, has led this effort. He stresses that this only affects companies that receive government monies, but it is retroactive and taken to a logical extreme, this would include any company or industry that has ever received a tax break or incentive.

The Russian owners of American companies and industries should look thoughtfully at this and the option of closing their facilities down and fleeing the land of the Red as fast as possible. In other words, divest while there is still value left.

The proud American will go down into his slavery without a fight, beating his chest, and proclaiming to the world, how free he really is. The world will only snicker.

Why Grandpa carries a gun...

Please take time to read this & pay particular attention to
"A Little Gun History" about half way down.

PEOPLE ASK...
"Why Carry a Gun?"

My old grandpa said to me 'Son, there comes a time in every man's life when he stops bustin' knuckles and starts bustin' caps and usually it's when he becomes too old to take an ass whoopin.'

I don't carry a gun to kill people.
I carry a gun to keep from being killed.

I don't carry a gun to scare people.
I carry a gun because sometimes this world can be a scary place.

I don't carry a gun because I'm paranoid.
I carry a gun because there are real threats in the world.

I don't carry a gun because I'm evil.
I carry a gun because I have lived long enough to see the evil in the world.

I don't carry a gun because I hate the government.
I carry a gun because I understand the limitations of government.

I don't carry a gun because I'm angry.
I carry a gun so that I don't have to spend the rest of my life hating myself for failing to be prepared.

I don't carry a gun because I want to shoot someone.
I carry a gun because I want to die at a ripe old age in my bed, and not on a sidewalk somewhere tomorrow afternoon.

I don't carry a gun because I'm a cowboy.
I carry a gun because, when I die and go to heaven, I want to be a cowboy.

I don't carry a gun to make me feel like a man.
I carry a gun because men know how to take care of themselves and the ones they love.

I don't carry a gun because I feel inadequate.
I carry a gun because unarmed and facing three armed thugs, I am inadequate.

I don't carry a gun because I love it.
I carry a gun because I love life and the people who make it meaningful to me.

Police protection is an oxymoron.
Free citizens must protect themselves.
Police do not protect you from crime, they usually just investigate the crime after it happens and then call someone in to clean up the mess.

I carry a gun because God gave me the Right to do so; it is inalienable.

A LITTLE GUN HISTORY

In 1929, the Soviet Union established gun control. From 1929 to 1953, about 20 million dissidents, unable to defend themselves, were rounded up and exterminated.

In 1911, Turkey established gun control. From 1915 to 1917, 1.5 million Armenians, unable to defend themselves, were rounded up and exterminated.

Germany established gun control in 1938 and from 1939 to 1945, a total of 13 million Jews and others who were unable to defend themselves were rounded up and exterminated.

China established gun control in 1935. From 1948 to 1952, 20 million political dissidents, unable to defend themselves, were rounded up and exterminated.

Guatemala established gun control in 1964. From 1964 to 1981, 100,000 Mayan Indians, unable to defend themselves, were rounded up and exterminated.

Uganda established gun control in 1970. From 1971 to 1979, 300,000 Christians, unable to defend themselves, were rounded up and exterminated.

Cambodia established gun control in 1956. From 1975 to 1977, one million educated people, unable to defend themselves, were rounded up and exterminated.

Defenseless people rounded up and exterminated in the 20th Century because of gun control: 56 million..

Now, Obama wants to register, then list, all gun owners as the first step in taking your guns away. Then comes the big round-up.

You won't see this data on the US evening news, or hear politicians disseminating this information.

Guns in the hands of honest citizens save lives and property and, yes, gun-control laws adversely affect only the law-abiding citizens.

Take note my fellow Americans, before it's too late!

The next time someone talks in favor of gun control, please remind them of this history lesson.

With guns, we are 'citizens'. Without them, we are 'slaves'.

During WW II the Japanese decided not to invade America because they knew most Americans were ARMED!

If you value your freedom, please spread this anti gun-control message to all of your friends.

The purpose of fighting is to win.
There is no possible victory in defense.

The sword is more important than the shield, and skill is more important than either.
The final weapon is the brain.
All else is supplemental.

I would suggest we join Switzerland – they have figured it out!!

IT'S A NO BRAINER!
DON'T LET OUR GOVERNMENT WASTE MILLIONS OF OUR TAX DOLLARS IN
AN EFFORT TO MAKE ALL LAW ABIDING CITIZENS AN EASY TARGET.

Now Hear This!!!

The Weekly Standard has issued a fascinating report following an investigation into Joe Biden's schedule and specifically his interviews with the news media. It turns out that Joe Biden hasn't conducted a nationally televised interview in FIVE months!

And there's even more:

In fact, it is not just TV Biden has been avoiding. He's done only one print interview since Paul Ryan joined Mitt Romney on the Republican ticket back in August.

Can't really blame them – when you have that liability you do what's needed to keep him quiet & out of the public eye!! That party just can't make a good choice – their 1st choice is a lying, conniving, Narcissist that prefers the Muslim religion over Christianity & then their follow-up is a giggling idiot with NO common sense or obvious abilities. Gee – is that the BEST they can do?

You want to vote for who? How about the GOOD GUYS? Yup, ROMNEY/RYAN would be the ones!
BE SURE YOU VOTE NOVEMBER 6TH!! ONLY THE VOTES IN THE BALLET BOX COUNT!!!
