July 2, 2014

Dear Friends,

**If you have ever been subject to an IRS audit - or know of a friend or family member who has - you know there is no compromise with the IRS.**

You are guilty until you can prove your innocence. You certainly can't claim that your computer hard drive crashed. Or that you simply lost your receipts. And there's no way they'll take your word for it.

Same way with almost any other federal agency. Whether it is the EPA or the Labor Department or Health and Human Services - the federal government is always right - and you are wrong. **There is no compromise. It is up the American citizen to prove a bureaucrat wrong, not the other way around.**

We all know this to be true. We also know the elites in Washington are "never wrong." Al Gore predicted the entire north polar ice cap would be melted by now - it's actually bigger than when he made the claim. The Dept. of Energy predicted we run out of natural gas decades ago - now we have so much we can export it. And Obama promised that no one would lose "the health care plan they like" under ObamaCare.

Darn, those pesky facts.

Meanwhile, my opponents - both those on the ballot, those in newspaper editorial rooms, those on left wing blogs (oops, repeating myself there) - **claim the problem with me and other conservatives in Washington is that "we can't get along." We "never compromise." We "simply won't work with Obama."**

**Try that with the IRS. When the IRS demands \$1000 in taxes - suggest a compromise of \$500. Good luck with that.**

**Friend, I took a solemn Oath to "support and defend the Constitution of the United States against all enemies, foreign and domestic." There is no mention of compromise in there.** I can't simply jettison part of the 1st Amendment because Obama would like to force Hobby Lobby and millions of Americans to pay for abortion. I simply can't compromise away the 2nd Amendment and let Obama decide who gets to own and use a handgun. **I simply won't work with Obama on any his plans to compromise any part of the Constitution.**

Obama is required to "faithfully execute the laws" of our nation. Not rewrite them. Not ignore them. Not allow illegal immigrants and Benghazi terrorists to have more rights than American citizens. And the liberal Kansas media shockingly claims, "he has little choice but to act unilaterally."

In fact, a few months ago, he announced to the entire world - including you, me and every member of Congress - he would use his pen and his phone to circumvent the Constitution! **And my opponents - and their mainstream media lap dogs - want me to simply let him have his way. Rest assured, I will NOT stand by and let Obama misuse and abuse his office and our Constitution.**

No matter the attacks. No matter the cost. No matter the price. Too many Americans sacrificed their life and limb to make this the greatest nation in the world. **With the Lord's blessings, we have established America as a beacon of freedom around the globe - and there is no going back. Not on my watch.**

Yours in Liberty,

**Tim Huelskamp**, Member of Congress

P.S. [Thank you for all your generous support, prayers and encouragement.](#) I have one favor to ask of you - **please call, email or talk to four other voters in the Big First District - and ask them to cast their vote for Liberty and for me in this primary election [on August 5<sup>th</sup>].**

## Barack Obama Confesses Hatred of the SECOND AMENDMENT

From Political Outcast | Posted June 11, 2014, by MARK HORNE

President Barack Obama said Tuesday that it was “stunning to me” that Congress did not take real action to tighten gun laws following the late 2012 shooting at Sandy Hook Elementary School in Newtown, Connecticut.

“My biggest frustration so far is that this society has not been willing to take some basic steps to keep guns out of the hands of people who can do just unbelievable damage,” Obama said during a question-and-answer session hosted by microblogging platform Tumblr that came hours after a school shooting in Oregon. [...]

“I respect gun rights but the idea that, for example, we couldn’t get a background check bill in — it makes no sense,” he said. “And I don’t know if anybody saw the brief press conference from the father of the young man who had been killed in Santa Barbara, and as a father myself I cannot understand the pain he must be going through. The primal scream... why aren’t we doing something about this?”

States already have background checks. The Santa Barbara killer acquired his handguns in a state that requires “Universal Background Checks.” As Al’s Firearms blog points out:

California has some of the toughest gun laws in the country, including a so-called “universal background check” (UBC) law that requires background checks on gun transactions. The Los Angeles Times reported Saturday evening that three guns were recovered, including two Sig Sauer P226 pistols and a Glock Model 34. All were purchased legally and registered to Elliott Rodger, the newspaper said, meaning that he went through background checks.

So why should Congress pass useless laws that don’t do any good? Besides which, half the Santa Barbara deaths were from knife wounds, not from a gun. And the killer assaulted people with his car as well.

So, “why aren’t we doing something about this” by *banning knives and cars*?

I have no idea what Barack Obama can possibly think he is saying when he utters the words, “I respect gun rights.” He obviously does no such thing. We’re just supposed to be hypnotized by his assertions and ignore every action he actually takes and every other word he actually speaks. Perhaps he hypnotizes himself and actually believes that he has some kind of respect for gun rights.

But all that comes out of his mouth is a series of anti-second-amendment clichés.

PS: Note, here are real live people that Obama would disarm if he could. The man is upset that these people had the power to defend themselves and save their daughter.

Now WE know why Obama works so hard to destroy our wonderful Country – he wants everything HIS way!! He does NOT understand that the criminals & insane DO NOT — WILL NOT follow the law!! If he won’t follow the law why should he expect others to? It is sad that although Obama considers himself our Savior, he will NOT understand that **we do not/will not** consider him our savior. PLEASE, GOD, help us be rid of this man & his ungodly henchmen!!!  
**PLEASE, GOD BE WITH US, AND HELP IN THIS ENDEAVOR!**

How about this? — Interesting, to say the least... (*But actually NOT surprising!!*)

During the 3½ years of World War II that started with the Japanese bombing of Pearl Harbor in December 1941 and ended with the surrender of Germany and Japan in 1945, the U.S. (with about half of today’s population) produced 151 aircraft carriers, 8 battleships, 48 cruisers, 349 destroyers, 420 destroyer escorts, 203 submarines, 34 million tons of merchant ships, 100,000 fighter aircraft, 98,000 bombers, 24,000 transport aircraft, 58,000 training aircraft, 93,000 tanks, 257,000 artillery pieces, 105,000 mortars, 3,000,000 machine guns, and 2,500,000 military trucks.

We put 16.1 million men in uniform in the various armed services, invaded Africa, invaded Sicily and Italy, won the battle for the Atlantic, planned *and* executed D-Day, marched across the Pacific and Europe, developed the atomic bomb and ultimately conquered Germany *and* Japan.

It’s worth noting, that during the almost exact amount of time, the Obama administration couldn’t build a functioning web site. *This shows me the difference when GOD is with a project, and when HE isn’t!!*

<http://wichitaliberty.org/united-states-government/kansas-senator-roberts-earmark-reform-worthy-vote/>

## ***Kansas Senator Pat Roberts promotes his fiscal conservatism, but failed to vote in favor of earmark reform in a recent close vote.***

In 2012, an amendment to a Senate bill was offered that would have dramatically reformed the earmark process.

The vote was [On the Amendment S.Amdt. 1472 to S.Amdt. 1470 to S. 2038 \(Stop Trading on Congressional Knowledge Act of 2012\)](#).

The purpose of the amendment, [according to Congress.gov](#), is “to prohibit earmarks.” Although offered in 2012, the short title of the amendment was “Earmark Elimination Act of 2011”

United States Senator from Kansas Pat Roberts voted with Democrats and against Republicans on earmark reform 2012. The nub of the amendment was “It shall not be in order in the Senate to consider a bill or resolution introduced in the Senate or the House of Representatives, amendment, amendment between the Houses, or conference report that includes an earmark.”

The amendment was rejected by a vote of 59 to 40. Among Democratic Party members, the vote was 44 to 7 against the amendment. For Republican Party members, the vote was 33 to 13 in favor of the amendment.

One of the 13 Republicans who voted against this reform-minded amendment was [Pat Roberts](#) of Kansas.

According to rules of the Senate, 60 votes were needed to pass the amendment. It garnered 59 votes. Pat Roberts could have been the 60th vote in favor of this reform measure.

But he didn't provide that vote.

*This is only the latest time Pat Roberts voted **AGAINST** Kansans!! Pat Roberts not only did NOT follow either the State or National Constitution on residency, but doesn't care how he voted!! **Eleven times he voted to raise the debt limit; twice he nominated Kathleen Sebelius for important positions that she did NOT have the ability to successfully complete; his ad on TV is full of lies. Senator Roberts has been in Congress too long.***

Another article from the same source:

## ***Call to Action: “Kansas is the battlefield. Remember Mississippi!”***

***We spoke with Dr. Milton Wolf, candidate for U.S. Senate from KS. Here's his take on the state of the race:***

The Mississippi Senate Runoff election was viewed by the media as the last, best chance for a Tea Party inspired Republican primary challenger to unseat a Republican incumbent in a primary.

But there remains the Kansas primary in which **Dr. Milton Wolf** is challenging Pat Roberts on August 5.

**Legal Insurrection supports Dr. Wolf** as the type of inspirational next generation of conservative Republican we need to lead us, not merely go along to get along.

Can Dr. Wolf pull off the upset? The two races, several weeks out from the primary, appear to have similarities: An incumbent Senator who's been in Washington DC, for over forty years, a seemingly unbreachable power machine with money to burn and years of experience winning, and all the makings of yet another **Tea Party vs. Establishment showdown**.

On the surface, Dr. Wolf would seem to have a difficult climb. A **Survey USA poll** released last week shows Wolf with 23% to Roberts 56% among likely GOP voters.

Unlike Mississippi though, Kansas has closed primaries, and Dr. Wolf's main problem is lack of name recognition. According to his internal polling, among people who know of both candidates, the gap is much, much closer, with Dr. Wolf actually leading.

In Mississippi, **early April polling** showed Thad Cochran with at 17% lead for the June 3 original primary, but that gap closed quickly in the final weeks to a virtual dead heat on June 3. Could the gap close in Kansas if national attention focused on the race?

We sat down with Dr. Wolf to get his side of the story. Here's what he had to say:

**Q: In your opinion, what is the state of the Kansas race?**

“The Kansas Senate race is a choice between a constitutional conservative and moderate establishment Republican who poses as a conservative in election years. I'm a doctor, not a politician, and Pat Roberts is a career politician who's been in Washington for 47 years. Our campaign has all the momentum.

Last quarter, I out-raised Pat Roberts among individual contributors. We're the only campaign in America to achieve that against a sitting US Senator this cycle.

We've built a true grassroots statewide volunteer *army*, we call the Wolf Pack, that knocks doors and phone banks across Kansas. And our internal polls shows that, while Pat Roberts still clings to a rapidly closing name recognition advantage, among those who know us both, I'm beating him by 8 points, 51-43."

**Q: Do you see any similarities to this race and the Mississippi Senate primary runoff?**

"The similarities of Mississippi and Kansas are striking. Both races have incumbents who've been in Washington for decades (Cochran: 42 years; Roberts: 47 years) with lackluster records that all too often oppose the conservative movement (Cochran's pre-election 2012 Club For Growth score: 48; Roberts: 55).

Both challengers are constitutional conservatives with nationwide conservative movement support. Both Mississippi and Kansas are bright red states where Democrats are not in contention (Mississippi's 2012 margin for Romney 12 points; Kansas 22 points).

But unlike Mississippi, Kansas has a closed primary without a runoff, which means the GOP establishment's strategy of joining league with liberal Democrats in Mississippi won't work in Kansas but we should be prepared for everything."

**Q: Have any primary challengers received any assistance from anyone in the grassroots establishment?**

"I have been endorsed by grassroots conservative groups across Kansas including Kansans for Constitutional Government, Kansas Conservatives, Southeast Kansas Conservatives, Kansans for Constitutional Integrity, Republican Liberty Caucus of Kansas, We The People as well as the major Kansas tea parties including Flint Hills Tea Party, Osage City Tea Party and Big First Tea Party.

National endorsement include the Senate Conservatives Fund, Madison Project, Tea Party Express, Republican Liberty Caucus, National Association For Gun Rights, former Congressman Jim Ryun, Red State's Erick Erickson and radio show host Mark Levin."

**Q: What are your concerns, if any about this race?**

"We just witnessed in Mississippi the unmistakable and unforgivable betrayal of conservative Republicans by our own GOP establishment.

GOP insiders actually joined league with liberal Democrats to defeat a fellow Republican for the offense of being conservative. The National Republican Senate Committee poured over \$200 thousand into Mississippi as well as an army of staffers who knocked on 45,000 doors and made 18,000 phone calls... Kansas is the battlefield. Remember Mississippi."

The Kansas primary is August 5, just a few weeks away.

You can make a difference. It will take all hands on deck to turn this ship around. Tweet this post, share it on Facebook and if you want to contribute to Dr. Wolf's campaign, you can do so [here](#).

**KANSANS, THIS IS OUR TIME TO SHOW AMERICA AND THE WORLD EXACTLY WHO & WHERE WE ARE!!**

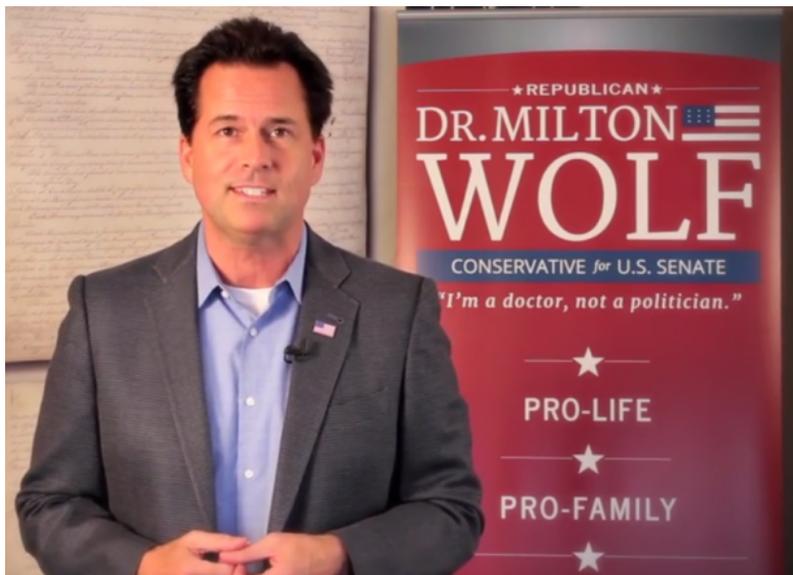

**Are we going to let Pat Roberts get away with breaking OUR CONSTITUTION? Are we going to let this lawbreaker continue to laugh at us for not keeping up? Are we going to sit here and pretend all is well?**

**Not only NO, but H\*\*L NO!!!**

**We have a Dedicated, LIFELONG Conservative wanting to help FIX our Country!! MILTON WOLF has been writing conservative articles for many years. MILTON has been living Conservative all his life. Now he is putting himself, his reputation, & his career on hold & on the line FOR US!!! FOR KANSAS — AND FOR THE UNITED STATES OF AMERICA!!!**

**Tell me what Pat Roberts has done to try to help our Country escape Obama's destruction. Has Roberts fought or voted against this Presidential takeover? Ask MILTON what he will do to stop this Democratic devastation.**

**EVERYONE MUST VOTE. Our Forefathers fought and died to give us the freedom to vote, to have a say in our Government, to CONTROL our Congress. Are we going to just give it away to those who are working toward AGENDA 21? Don't act innocent — if you think about it you know what's right. STAND UP AND DO THE RIGHT THING — EDUCATE YOURSELF ON THESE ELECTIONS AND VOTE!!! VOTE TO BRING OUR GOVERNMENT BACK TO THE PEOPLE!!! VOTE FOR MILTON WOLF TO BE OUR NEXT SENATOR FROM KANSAS!!!**

## It's about truth in advertising – Kobach's Primary Opponent Claims to be a Republican

Tim Carpenter and John Hanna picked up the press release that I sent you on Monday and here are their articles:

SOS office to be quiet and not stand up for Kansans rights! **Kris stands up for your rights, protects the U.S. Constitution and Kansas' Constitution, and is a full-time Secretary of State.** Morgan just doesn't like these facts!

Here are some of Kris' accomplishments **Please comment on the articles, FaceBook, and twitter! I have some talking points below. Email me if you want more information.**

Scott Morgan claims that Secretary Kobach is trying to define what a real Republican is, but the thing that Scott Morgan is missing is that the Republican Party has a platform. Here is a link to the Kansas GOP Platform:

[http://ksgop.org/state\\_platform/](http://ksgop.org/state_platform/)

The key parts that Scott Morgan does **NOT** agree with are:

**Upholding the Constitutional Right to Keep and Bear Arms, Promoting a Culture of Life, Immigration Preserving Traditional Marriage, Growing the Economy**

Scott Morgan says that Kris does not care about the Secretary of State's Office and does not do his job, but the fact is that Morgan just doesn't like the great and effective job that Kris is doing! He wants the as SOS, more than all of the previous SOSs that Kansas has ever had!

- Secretary Kobach drafted and helped pass the most comprehensive election reforms in the country, the Secure and Fair Elections (S.A.F.E.) Act, which:
  - Requires Voter ID at the Polls.
  - Requires Proof of Citizenship for New Voter Registrants.
  - Provided anti-fraud protections for the casting of advanced ballots.
  - This act passed with wide bi-partisan votes in both the Kansas House and the Senate. It has also been used as a model for similar legislation in other states.
- No State Tax Dollars are used to fund the office of the Secretary of State. We are wholly fee-funded.
  - Kobach held the line on agency spending, holding yearly costs to less than Fiscal Year 2010.
  - Kobach returned over 20 million dollars to the State General Fund.
- Kobach doubled the size of the national Cross Check program, which allows for states to share information to catch those who voted in more than one state in the same election.
  - When Kobach came into office in 2011, only thirteen states participated. Today almost 30 states are involved in this program.
- Under Kobach's leadership the Kansas Secretary of State's Office was one of only nine states to be recognized by Google for improving the efficiency and effectiveness of elections through open data. This was awarded in recognition of Kansas' contribution to the Voting Information Act.
- Kobach led efforts that resulted in Kansas becoming the first state in the nation to partner with private industry to allow accountants filing annual reports for corporations to do so from their desktop computers. This first of its kind endeavor used the XML standard established by the International Association of Commercial Administrators.

Finally, Kobach has quietly maintained those business practices that have worked and he has improved other services provided to customers.

- Kobach kept long-time administrative staff members to run the corporation, administration, publications and elections departments. Many of these department leaders have over twenty-five years of experience and have served three and four former secretaries of state.

Calls to the Kansas Secretary of State's Office are answered by a "live person," 85% of all calls are handled and resolved in less than five minutes, and 97% of all calls are handled and resolved in ten minutes.

*The following piece appeared several weeks ago in an earlier newsletter... We are reprinting it now as a refresher on these facts, and a reminder of the importance of supporting **David J. Powell for KS Insurance Commissioner in the August 5<sup>th</sup> GOP Primary!!***

Everyone needs to know that if you are wanted or needed to purchase an individual health insurance plan for 2014, the deadline passed on March 31.

Since March 31, 2014, the only people who may buy individual plans are those who have a qualifying event. Those events typically are Birth, Adoption, Marriage, Divorce, Death, aging-off a parent's policy or loss of coverage through your employer.

Under the new health care law and the many rules and regulations issued since, the old practice of waiting to buy a policy is GONE!

NOW, after March 31, if you want to buy an individual health policy you must wait until the open enrollment period at the end of 2014. At that time you will be able to sign up, but *your new coverage will **NOT START** until January 1, 2015.*

**FARMERS BEWARE!** Over the years I have worked with many farmers, their families and their employees. **(If you aren't farming, but know one, tell 'em!)**

## **ObamaCare - How to avoid the taxes/penalties - PART 19**

By: David J Powell, CLU, ChFC, CFP, RHU **(316) 320-2091**

### **CAUTION!!! CAUTION!!!**

Individual open enrollment ended March 31, 2014. Since then, many are thinking about going through the exchanges to get insurance either with a subsidy or by going onto the Medicaid roles in their state. **IT'S FREE OR ALMOST FREE!**

Whenever the government is involved, particularly with this administration, you need to be on the lookout for the strings attached.

If you live in one of the 36 states like Kansas that did NOT choose to run their own exchange, there is still the possibility that the lawsuits will be upheld citing Section 1401 of ObamaCare. These states have Federally-run exchanges, **NOT** ones where enrolled taxpayers live "and which were enrolled in through an Exchange **established by the State** under 1311 of the PPACA." **WHY IS THIS IMPORTANT?**

That's because, if your State did not establish an exchange, there is **no subsidy** (tax credit). The "Premium Assistance Amount... is the amount equal to... the monthly premiums for... which cover the taxpayer... which were enrolled in through an **Exchange established by the state under 1312...**" of PPACA.

If the exact wording of the law is followed, then NO ONE in these 36 states is eligible for a subsidy (tax credit) since none of their Exchanges were established by the State. They were all established by the Federal Government!

**Also, businesses will not owe penalties when no one can get subsidies. Taxes are only imposed when an employee gets a subsidy.**

*We hope everyone has taken all available and appropriate steps so far to safeguard their health care coverage!!*

*The following is a letter from Rand Paul published by PATROIT UPDATE. I agree with Rand Paul in the need to be rid of the IRS, however, **I do not recommend signing any petition or anything online.** To give your signature to the world is NOT what I do. I wanted you to have this info, **but I am not encouraging signing the petition** – There are other ways to get rid of the IRS. Let your Congressional Representatives & Senators know your feelings!*

## FROM THE DESK OF RAND PAUL via Friends of PATRIOT UPDATE

Dear Fellow Patriot,

A national movement has begun, and it has the Washington establishment terrified. Every day, *thousands* of Americans are joining the call to shut down the IRS and bring fairness and transparency back to our tax system!

And today, my friend, I want to invite you to join us. **I urge you to join this crusade for liberty today by signing Tea Party Patriots' National Petition to Abolish the IRS right now.**

You see, with the ever-expanding tax code, the advent of Obamacare, and the revelations of politically-targeted harassment by the IRS, the moment has never been more ripe for a grassroots revolution that will rid us of this fundamentally corrupt government agency **once and for all**.

That's why I am pleased to join Jenny Beth Martin and my good friends at Tea Party Patriots in this historic fight. **You see, I have joined Tea Party Patriots in the national movement to rid the American people of the IRS once and for all.**

This is a surging movement with real support, and it will bring about a real solution. But we can't do it without the unmistakable grassroots support of the Tea Party.

**And that's why I urgently need your signature on this important national petition right now.**

The budget of the Internal Revenue Service has increased by **58 percent** since the year 2000.

**And every cent of that budget has gone to support a bloated, abusive bureaucracy that stands completely at odds with the rights and liberties of the American people.**

As I'm sure you know, investigations have revealed that high-ranking officials within the Obama Administration have used the IRS as a political weapon, targeting grassroots Americans like you for **harassment** and **intimidation!**

With the support of grassroots patriots like you, we can end this nightmare. We can dismantle the IRS and rid our country of this big government monstrosity once and for all!

**Please, sign Tea Party Patriots' National Petition to Abolish the IRS right away.**

Unfortunately, the Washington **"ruling class"** loves the IRS. It helps them fuel their out-of-control spending and reckless big government debacles.

They're going to go to the mat defending the IRS - **unless we can show them that the American people stand against them in massive numbers!**

**Please, sign this important petition right away.**

I'm ready to do whatever it takes to abolish the IRS. Tea Party Patriots is ready to join me.

**Can we count on your support as well?**

Are you ready to take this critical step toward eliminating the IRS, reining in big government, and reclaiming our liberty?

**If your answer is "YES!" then I urge you to sign the National Petition to Abolish the IRS right away.**

Thank you so much for your help in this important cause. Keep fighting for liberty!

For Freedom

Rand Paul, U.S. Senator, KY

I've seen and heard this before – it is well worth printing again. I don't remember when this was first spoken, but it will never be outdated!! May GOD answer this prayer in Kansas, all of the United States of America and around the world!!

A Pastor with GUTS! Thought you might enjoy this interesting prayer given in Kansas at the opening session of their Senate. It seems prayer still upsets some people... When Minister Joe Wright was asked to open the new session of the Kansas Senate, everyone was expecting the usual generalities, but this is what they heard:

***"Heavenly Father, we come before you today to ask your forgiveness and to seek your direction and guidance. We know Your Word says, 'Woe to those who call evil good,' but that is exactly what we have done. We have lost our spiritual equilibrium and reversed our values. We have exploited the poor and called it the lottery. We have rewarded laziness and called it welfare. We have killed our unborn and called it choice. We have shot abortionists and called it justifiable. We have neglected to discipline our children and called it building self-esteem. We have abused power and called it politics. We have coveted our neighbor's possessions and called it ambition. We have polluted the air with profanity and pornography and called it freedom of expression. We have ridiculed the time-honored values of our forefathers and called it enlightenment. Search us, oh, God, and know our hearts today; cleanse us from every sin and set us free."***

**Amen!**

The response was immediate. A number of legislators walked out during the prayer in protest. In 6 short weeks,

Central Christian Church, where Rev. Joe Wright is pastor, logged more than 5,000 phone calls with **only 47 of those calls responding negatively**. The church is now receiving international requests for copies of this prayer from India, Africa and Korea.

With the Lord's help, may this prayer sweep over our nation and wholeheartedly become our desire so that we again can be called 'one nation under God.'

If possible, please pass this prayer on to your friends. *"If you don't stand for something, you will fall for anything."*

Think about this: If you forward this prayer to everyone on your e-mail list, in less than 30 days it would be heard by the entire world.

## **Sen. Pat Roberts Clicks Heels Together, Goes Back to Kansas "Every time I get an opponent"**

by [Dan Riehl](#) | 5 Jul 2014, 12:25pm PDT

**At the eleven-minute mark of [this 15-minute interview](#), Kansas Senator Pat Roberts is reduced to a stumbling, bumbling pile of a 47-years-in-Washington incumbent who can't manage to coherently explain why he doesn't actually live in Kansas anymore.**

And perhaps the worst of it is when he admits that he does click his heels together to go back to Kansas on occasion... seemingly only when he gets an opponent. Roberts may not have distinguished himself as that much of a wizard in D.C. over the years but if a slot opens up in Oz, perhaps Dorothy will consider him as a write-in after hearing [this embarrassing performance](#).

Asked about his residency during an interview Thursday with talk radio station KCMO in Mission, Kansas, Roberts said: "Every time I get an opponent — I mean, every time I get a chance, I'm home."

Yes, the residency portion of the interview really is that bad, leaving a broad opening to his opponent Dr. Milton Wolf, as Politico points out [here](#).

"Pat Roberts has been in Washington for 47 years, and for him now to admit that he comes 'home' to Dodge City only when he gets an opponent is a slap in the face to Kansans," he said in a statement.

... The gaffe reinforces a criticism that Roberts is too close to Washington and out of touch with his state. [The New York Times reported in February that the senator is a "virtual stranger" in his home state](#), renting out his Dodge City property and staying with two donors when he stays in Kansas.

As per the New York Times at link above: "It is hard to find anyone who has seen Senator Pat Roberts here at the redbrick house on a golf course that his voter registration lists as his home. Across town at the Inn Pancake House on Wyatt Earp Boulevard, breakfast regulars say the Republican senator is a virtual stranger."

When pressed in [the recent radio interview](#), not only did Roberts fail to address the residency issue adequately, it also becomes very clear he is **doing everything he can to avoid debating Wolf**. Perhaps the trip back to Kansas would be a little too much for Roberts after spending almost fifty years in Washington.

"Right, but you don't — you're not answering the question. Why don't you live here, though?" Knapp said.

Later in the interview, Knapp said that average Kansans "think the person would spend more time in their state than in the District [of Columbia]."

Wolf's campaign has often attacked Roberts on the issue, even publishing a timeline on its campaign website about his history of residency.

*Milton Wolf was in the Wamego Independence Day Parade. Check out [Milton Wolf.com](#) and check his schedule thru July – The Milton Wolf Bus Tour will stop in **Manhattan July 20<sup>th</sup> at the City Park south picnic shelter at 5pm**. On the front page of the Sunday Manhattan Mercury was an article titled, "Huelskamp faces GOP challenge in the 1<sup>st</sup> District" by the Associated Press. Two paragraphs stood out:

'The balance of power among the executive, legislative and judicial branches has been upended, leaving Congress effectively powerless and leading to executive overreach, and judicial activism,' LaPolice said.*

*'Congress is the most powerful organized body in this world. They can exact some serious change if they put*

*their minds to it,' LaPolice said. 'They can accomplish nothing and be labeled the most 'do nothing' Congress if they continue to bicker and act like children.' "*

The man challenging Rep. Huelskamp for his Big 1<sup>st</sup> position in Congress is criticizing him for NOT being willing to work with other members of the House? Then turns around and criticizes both houses of Congress for NOT doing the things that Representative Huelskamp IS trying to do? Why would we want to replace a leveled headed, straight thinking Representative like Tim Huelskamp with someone as confused as challenger Alan LaPolice?

## What if they left... AND RE-ENTERED LEGALLY?

Somebody really did their homework on this one. Best on the subject to date...

*What if 20 Million Illegal Aliens Vacated America?*

**I, Tina Griego, journalist for the Denver Rocky Mountain News wrote a column titled, "Mexican Visitor's Lament".**

I interviewed Mexican journalist Evangelina Hernandez while visiting Denver last week. Hernandez said, "Illegal aliens pay rent, buy groceries, buy clothes. What Happens to your country's economy if 20 million people go away?" Hmmm, I thought, what would happen?

So I did my due diligence, buried my nose as a reporter into the FACTS I found below.

It's a good question that deserves an honest answer. Over 80% of Americans demand secured borders and illegal migration stopped. But what would happen if all 20 million or more vacated America? The answers I found may surprise you!

In California, if 3.5 million illegal aliens moved back to Mexico, it would leave an extra \$10.2 billion to spend on overloaded school systems, bankrupt hospitals and overrun prisons. It would leave highways cleaner, safer and less congested. Everyone could understand one another as English became the dominant language again.

In Colorado, 500,000 illegal migrants, plus their 300,000 kids and grandchildren would move 'back home', mostly to Mexico. That would save Colorado an estimated \$2 billion (other experts say \$7 billion) annually in taxes that pay for schooling, medical, social-services and incarceration costs. It means 12,000 gang members would vanish out of Denver alone.

Colorado would save more than \$20 million in prison costs, and the terror that those 7,300 alien criminals set upon local citizens. Denver Officer Don Young and hundreds of Colorado victims would not have suffered death, accidents, rapes and other crimes by illegals.

Denver Public Schools would not suffer a 67% dropout/flunk rate because of thousands of illegal alien students speaking 41 different languages. At least 200,000 vehicles would vanish from our grid locked cities in Colorado. Denver's 4% unemployment rate would vanish, as our working poor would gain jobs at a living wage.

In Florida, 1.5 million illegals would return the Sunshine State back to America, the rule of law, and English.

In Chicago, Illinois, 2.1 million illegals would free up hospitals, schools, prisons and highways for a safer, cleaner and more crime-free experience.

If 20 million illegal aliens returned 'home', the U.S. Economy would return to the rule of law. Employers would hire legal American citizens at a living wage. Everyone would pay their fair share of taxes because they wouldn't be working off the books. That would result in an additional \$401 Billion in IRS income taxes collected annually, and an equal amount for local, state and city coffers.

No more push '1' for Spanish or '2' for English. No more confusion in American schools that now must contend with over 100 languages that degrade the educational system for American kids. Our overcrowded schools would lose more than two million illegal alien kids at a cost of billions in ESL and free breakfasts and lunches.

We would lose 500,000 illegal criminal alien inmates at a cost of more than \$1.6 billion annually. That includes 15,000 MS-13 gang members who distribute \$130 billion in drugs annually would vacate our country.

In cities like L.A., 20,000 members of the '18th Street Gang' would vanish from our nation. No more Mexican forgery gangs for ID theft from Americans! No more foreign rapists and child molesters!

Losing more than 20 million people would clear up our crowded highways and gridlock. Cleaner air and less drinking and driving American deaths by illegal aliens!

America's economy is drained. Taxpayers are harmed. Employers get rich. Over \$80 billion annually wouldn't return to the aliens' home countries by cash transfers. Illegal migrants earned half that money untaxed, which further drains America's economy, which currently suffers an \$8.7 trillion debt. \$8.7 trillion debt!!

At least 400,000 anchor babies would not be born in our country, costing us \$109 billion per year per cycle. At least 86 hospitals in California, Georgia and Florida would still be operating instead of being bankrupt out of existence because illegals pay nothing via the EMTOLA Act.

Americans wouldn't suffer thousands of TB and hepatitis cases rampant in our country-brought in by illegals unscreened at our borders.

Our cities would see 20 million less people driving, polluting and grid-locking our cities. It would also put the 'progressives' on the horns of a dilemma; illegal aliens and their families cause 11% of our greenhouse gases.

Over one million of Mexico's poorest citizens now live inside and along our border from Brownsville, Texas to San Diego, California in what the New York Times called, 'colonias' or new neighborhoods. Trouble is, those living areas resemble Bombay and Calcutta where grinding poverty, filth, diseases, drugs, crimes, no sanitation and worse. They live without sewage, clean water, streets, roads, electricity, or any kind of sanitation.

The New York Times reported them to be America's new 'Third World' inside our own country. Within 20 years, at their current growth rate, they expect 20 million residents of those colonias. (I've seen them personally in Texas and Arizona; it's sickening beyond anything you can imagine.)

By enforcing our laws, we could repatriate them back to Mexico. We should invite 20 million aliens to go home, fix their own countries and/or make a better life in Mexico. We already invite a million people into our country legally more than all other countries combined annually. We cannot and must not allow anarchy at our borders, more anarchy within our borders and growing lawlessness at every level in our nation.

It's time to stand up for our country, our culture, our civilization and our way of life Interesting Statistics!

Here are 13 reasons illegal aliens should vacate America, and I hope they are forwarded over and over again until they are read so many times that the reader gets sick of reading them:

1. \$14 billion to \$22 billion dollars are spent each year on welfare to illegal aliens. (That's Billion with a 'B')

2. \$7.5 billion dollars are spent each year on Medicaid for illegal aliens.

3. \$12 billion dollars are spent each year on primary and secondary school education for children here illegally and they still cannot speak a word of English!

4. \$27 billion dollars are spent each year for education for the American-born children of illegal aliens, known as anchor babies.  
<http://transcripts.cnn.com/TRANscriptS/0604/01/ldt.01.html>
5. \$3 Million Dollars 'PER DAY' is spent to incarcerate illegal aliens. That's \$1.2 Billion a year.  
<http://transcripts.cnn.com/TRANscriptS/0604/01/ldt.01.html>
6. 28% percent of all federal prison inmates are illegal aliens.  
<http://transcripts.cnn.com/TRANscriptS/0604/01/ldt.01.html>
7. \$190 billion dollars are spent each year on illegal aliens for welfare & social services by the American taxpayers.  
<http://transcripts.cnn.com/TRANscriptS/0610/29/ldt.01.html>
8. Illegal aliens cause \$200 billion dollars per year in suppressed American wages.  
<http://transcripts.cnn.com/TRANscriptS/0604/01/ldt.01.html>
9. The illegal aliens in the United States have a crime rate that's two-and-a-half times that of white non-illegal aliens. In particular, their children are going to make a huge additional crime problem in the US.  
<http://transcripts.cnn.com/TRANscriptS/0606/12/ldt.01.html>
10. During the year 2005, there were 8 to 10 MILLION illegal aliens that crossed our southern border with as many as 19,500 illegal aliens from other terrorist countries. Over 10,000 of those were middle-eastern terrorists. Millions of pounds of drugs, cocaine, meth, heroin, crack, guns, and marijuana crossed into the U.S. from the southern border. <http://tinyurl.com/t9sht>
11. The National Policy Institute estimates that the total cost of mass deportation would be between \$206 and \$230 billion, or an average cost of between \$41 and \$46 billion annually over a five-year period.  
<http://www.nationalpolicyinstitute.org/publications.php?b=deportation>
12. In 2006, illegal aliens sent home \$65 BILLION in remittances back to their countries of origin, to their families and friends. <http://www.rense.com/general75/niht.htm>
13. The dark side of illegal immigration: Nearly one million sex crimes are committed by illegal immigrants in the United States! <http://www.drdsk.com/articleshtml>

Total cost: a whopping \$538.3 BILLION DOLLARS A YEAR!

## Is There Value In The Founders' Writings? | By Frank Clark

There have been a number of videos recently produced interviewing people concerning their knowledge of historical and political information. This method of interviewing started with Jay Leno many years back. It was then picked up by Sean Hannity, and later by several others. The results are both interesting and concerning.

Romans 15:4 states, "For whatever was written in earlier times was written for our instruction, so that through perseverance and the encouragement of the Scriptures we might have hope." In context, Paul was talking specifically about the books of the Old Testament. However, his principle could be applied to the writings of America's Founding Fathers. A secular version of Romans 15:4 says that those who don't know their history are bound to repeat its mistakes.

I have watched in the videos above, as people on the street were unable to give the date of our nation's founding. In another, most people interviewed could not state why we celebrate the 4<sup>th</sup> of July. I watched another one where folks were asked who the current vice-president is. About half did not know. They were also asked who the first president was. Nearly half did not know. Then they were asked who was president during the Civil War. One person said, "Kennedy." Another said, "Washington."

I said that this was both interesting and concerning. It is interesting, because it is a sad testimony on the state of our nation's educational system. It is concerning, as well. If people do not know the Christian principles of America's founding, if they do not even know who is in office right now, how are they going to vote intelligently?

Our Founding Fathers discussed many of our current issues in their writings. Yet, most are ignorant of these writings. For example, Benjamin Franklin wrote, "When the people find that they can vote themselves money, that will herald the end of the republic." So, what have we been watching happen in Congress, especially since WWII? We have voted ourselves federal money to the point of reaching a \$17 Trillion debt!

In October of 1789, George Washington publicly prayed, "... that we [Americans] may then unite in most humbly offering our prayers and supplications to the great Lord and Ruler of Nations and beseech him to pardon our national and other transgressions — to enable us all, whether in public or private stations, to perform our several and relative duties properly and punctually — to render our national government a blessing to all the people, by constantly being a Government of wise, just, and constitutional laws, discreetly and faithfully executed and obeyed..."

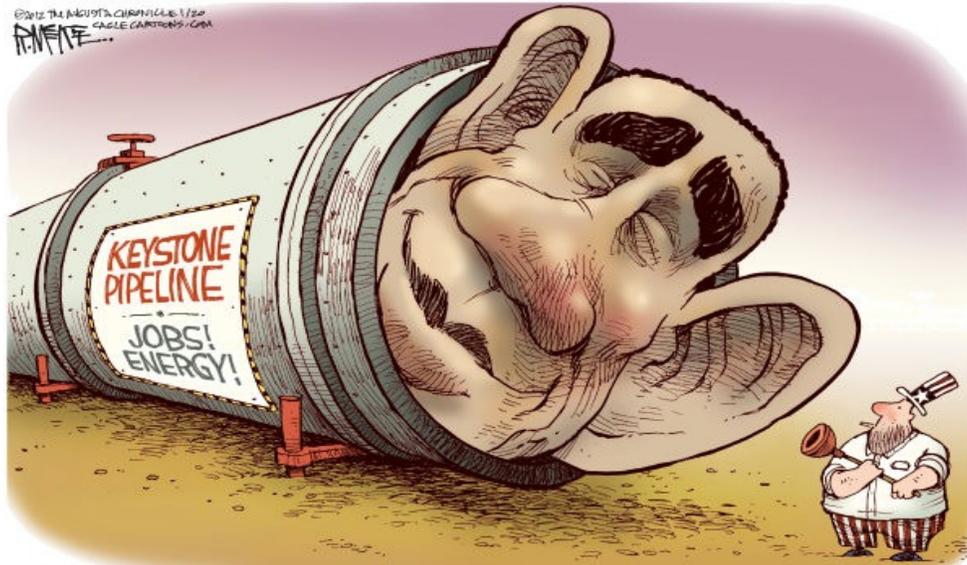

**So where is the separation of church and state that is being espoused by some? Do they not know that in the late 1700's the capital building was used for Sunday services that were attended by as many as 2,000 people? This took place most often during the presidency of Thomas Jefferson, who our education system teaches was a deist.**

The apostle Paul also addressed the need to know what happened in the past. In 1 Corinthians 10:11, he states, "Now these things happened to them as an example, and they were written for our instruction, upon whom the ends of the ages have come." Again, this is a Scriptural principal that applies well today.

Our nation became mighty because the majority of its citizens were well educated and adhered to Biblical principles. Today, only 28% believe the Bible is the inerrant word of God. In addition, we demonstrated their educational experience. Might it not be good to return to the standards of the Bible and our Founding Fathers?
